ACADEMICS

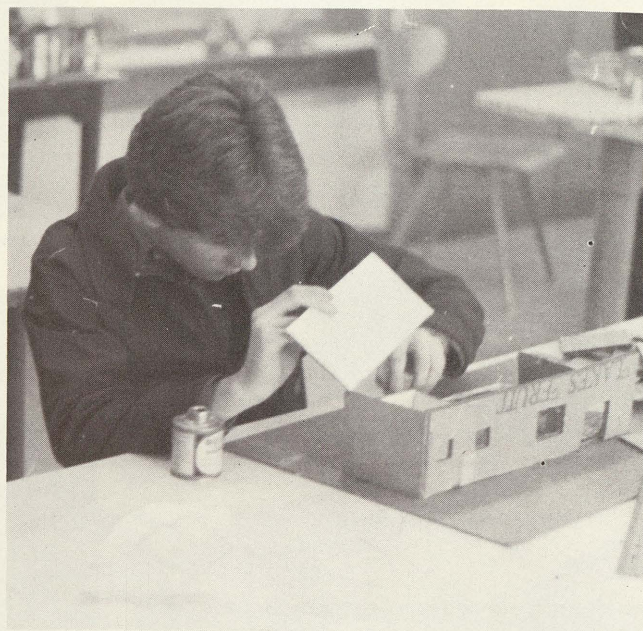

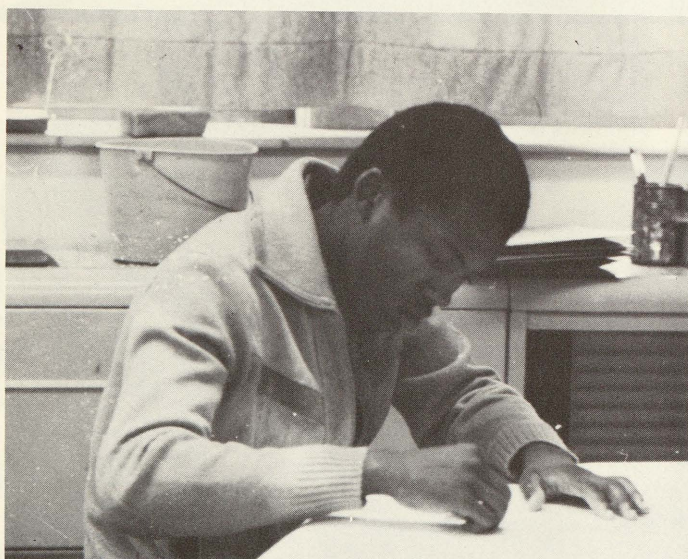

Arts and Crafts: More Than Just A Class

Again the Arts & Crafts classes had another change of pace. Another new teacher, Mr. Komera. This was his first year at St. Mary's, he seems to like it pretty well and makes time for everyone.

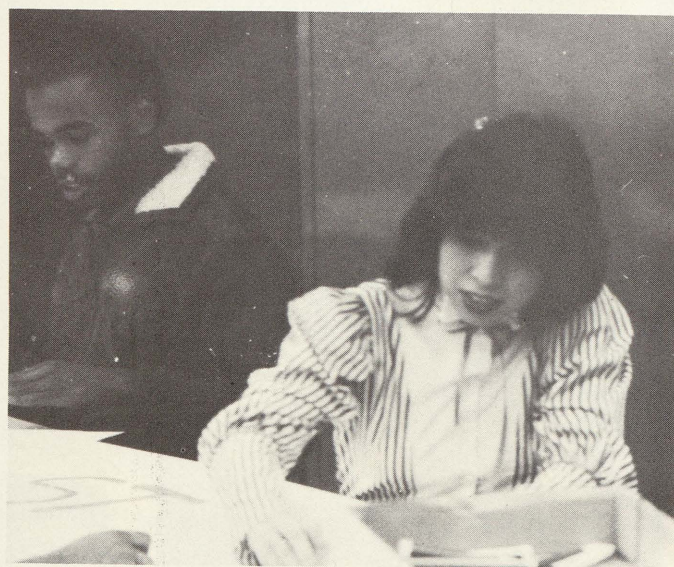

Its really not any different from the previous years, said most of the students. Most of the students in his class said that Mr. Komera doesn't make us do what he wants us to do, he lets us have a freedom of choice. He enjoys the class activities with us, he gives very good advice and if we seem to have a problem he is there to explain so that we can understand.

Dan Collins shows his artistic abilities.

Mrs. Rath hands out many awards.

This year's Awards were held on May 18, 1983. Awards were given out by all the teachers for many different reasons. Some of the Awards were for English, Yearbook, Typing, Art, American Lit. and Chemistry.

Before Awards were given out, the Faculty capped the Seniors for graduation.

*Nellanita Whithead receives an
award for being a library assistant.*

Mr. Cole distributes American Lit awards to Rene Fulgencio, Archie Tullos, Erika Trevino, Geri Jastrzembowski and Michele Allen.

Geri Jastrzembowski receives yet another award.

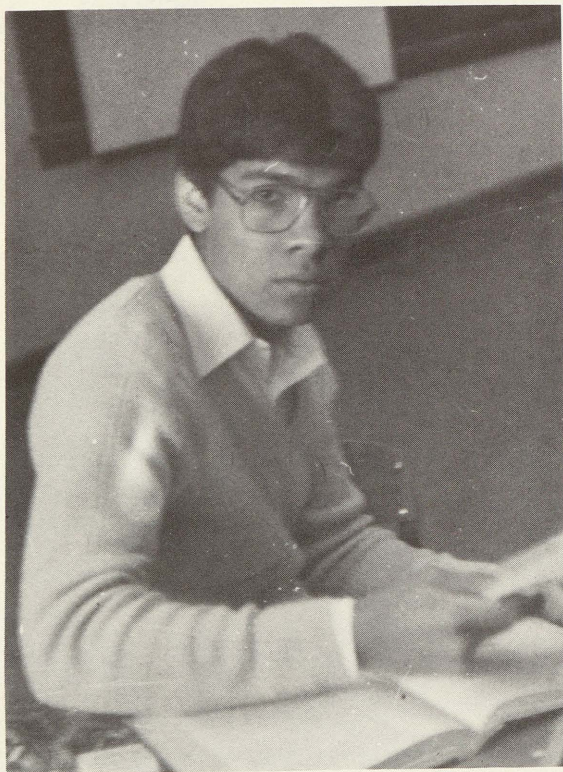

English Extras

In addition to the normal required English classes, every student has to take, many take one or two, English electives. Students take extra English electives which are more specific in what they teach.

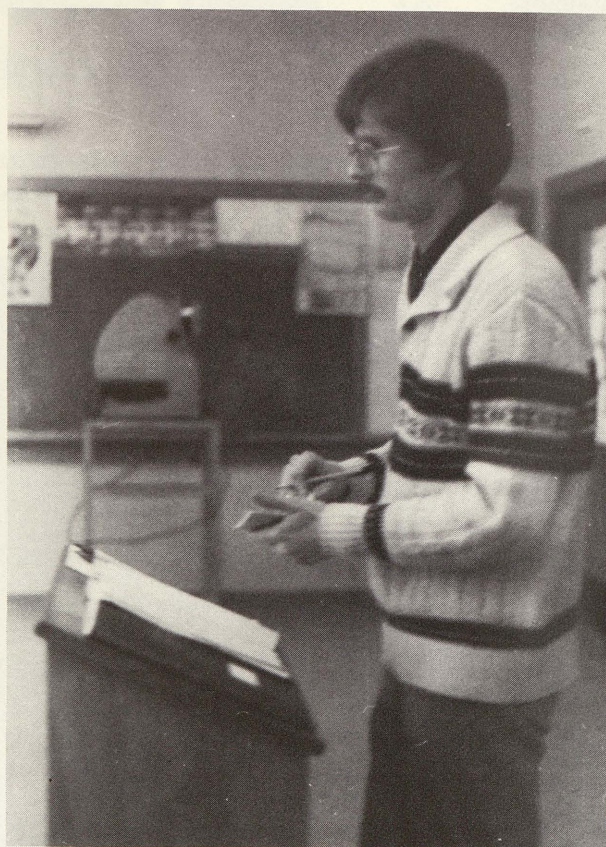

Mrs. Burke and Mr. Cole head this large variety of English class electives.

Mrs. Burke teaches Media, Advanced Composition and Speech and Drama. Her Media class put out "The Warpath" newspaper and her Drama class did plays, such as "Romeo and Juliet."

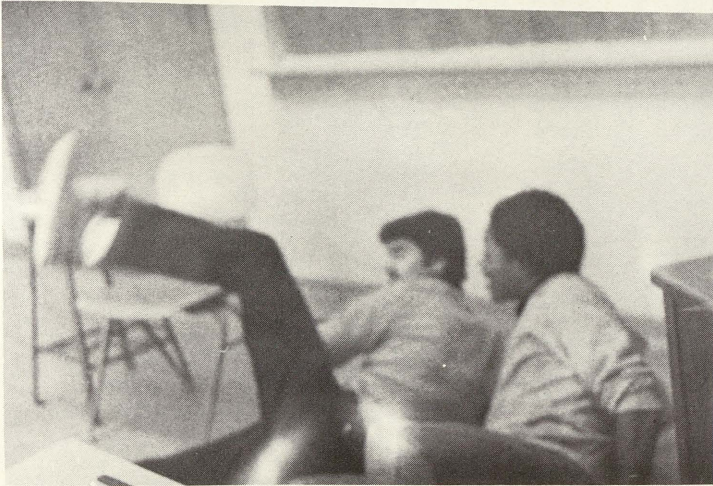

Mr. Cole teaches Creative Writing and American Literature. Mr. Cole's classes have also done several activities. Creative Writing kept journals, did album and movie reviews and slide shows, just to name a few. American Literature did many projects throughout the semester.

*Mike Rocha works hard on

Social Studies Dept. Sets New Boundaries

History this year went through two major changes and set new boundaries.

The 1st major change being Mrs. Debra Sutton, the new History teacher. Mrs. Sutton taught in a way that was new and fresh to the students.

The second change was Mr. John Hoefling, the new History teacher at the semester. Mr. Hoefling took over all Mrs. Sutton's classes when she went on maternity leave.

"Mr. Hoefling taught in a different style than Mrs. Sutton, but we learned the same things," commented Beth Gallery.

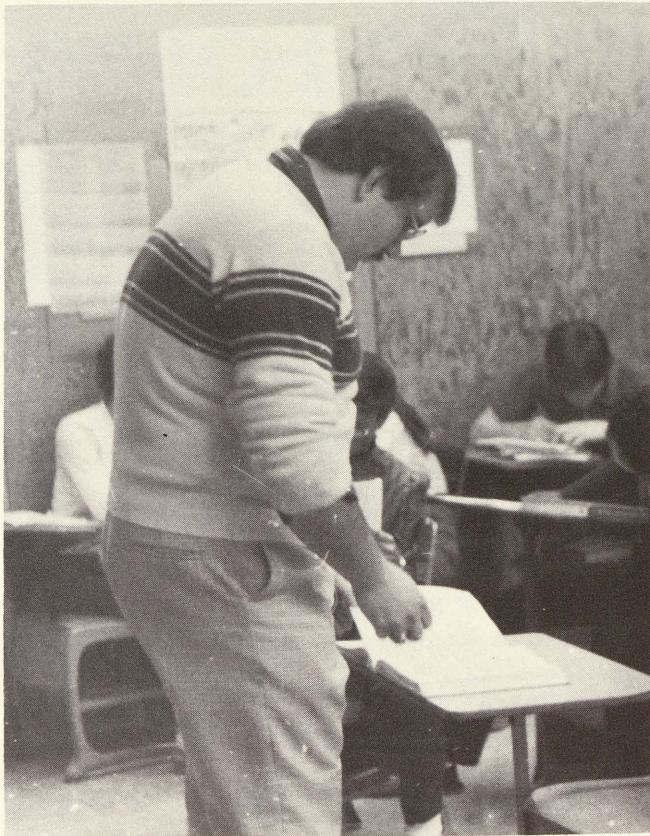

Grover Davis and Delanna Dale bring Japanese customs to the 2nd hour Geography class.

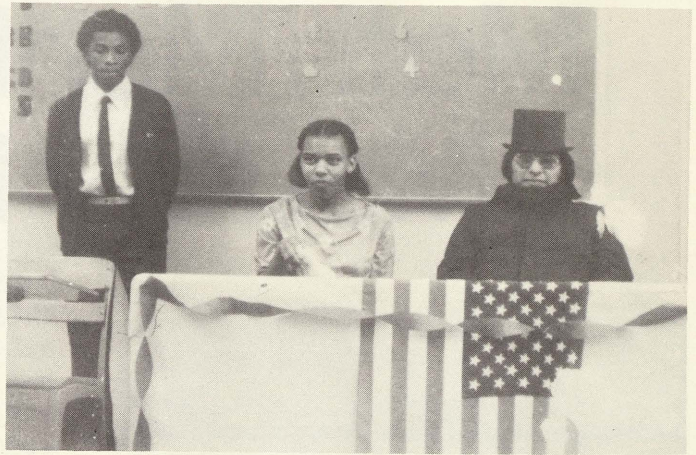

Mrs. Sutton demonstrates colonial punishment with Joe Sheltraw as her victim.

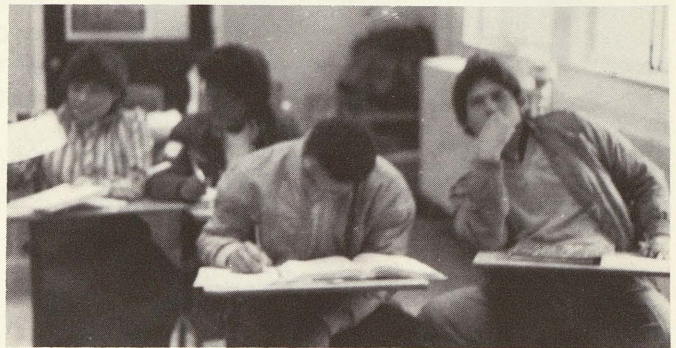

Rene Martinez doesn't believe it, she's in Geography class.

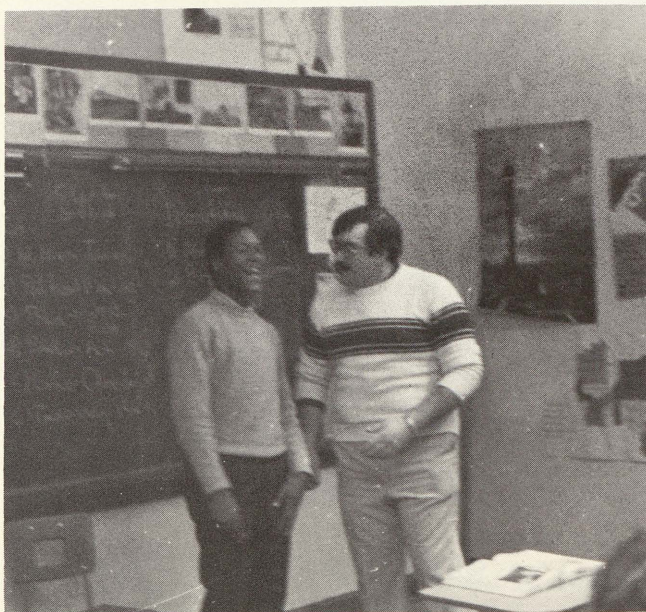

Mr. Hoefling gives Geography class their assignment for the day.

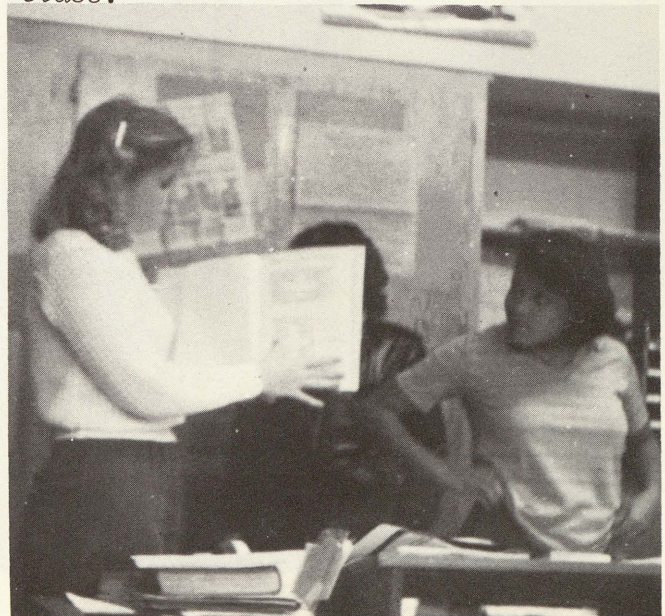

Juniors Erik Redeemer, Lesia Eiland and David Moreno do a skit in 1st hour U.S. History.

Steve Coleman and Angelo Soto work diligently in their 1st hour History class.

Mr. Hoefling tries to figure out comedian Derrick Martin.

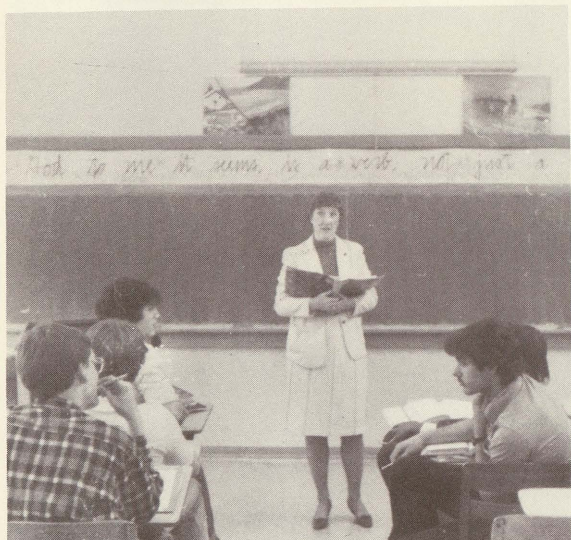

Alicia Bueche and Delanna Dale do a presentation in Geography.

Math Mentors Go For Mastery In '83

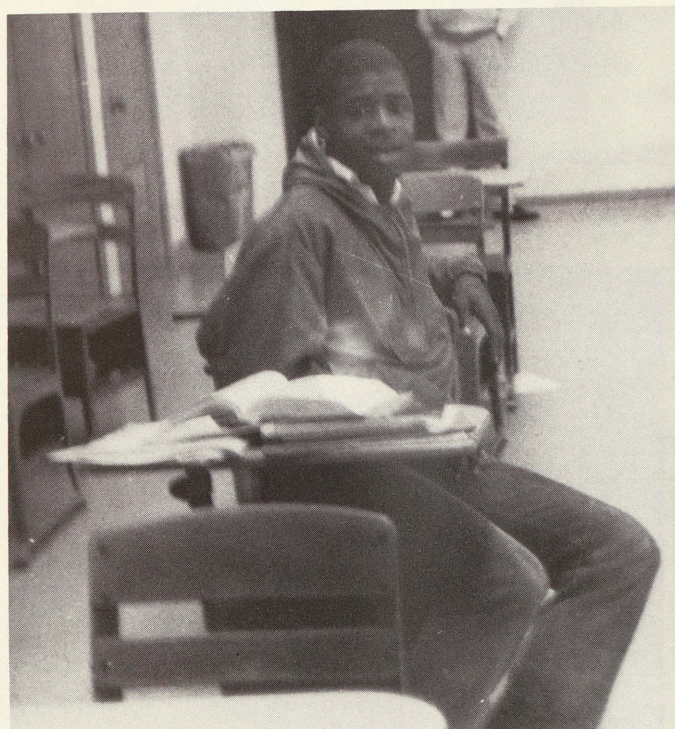

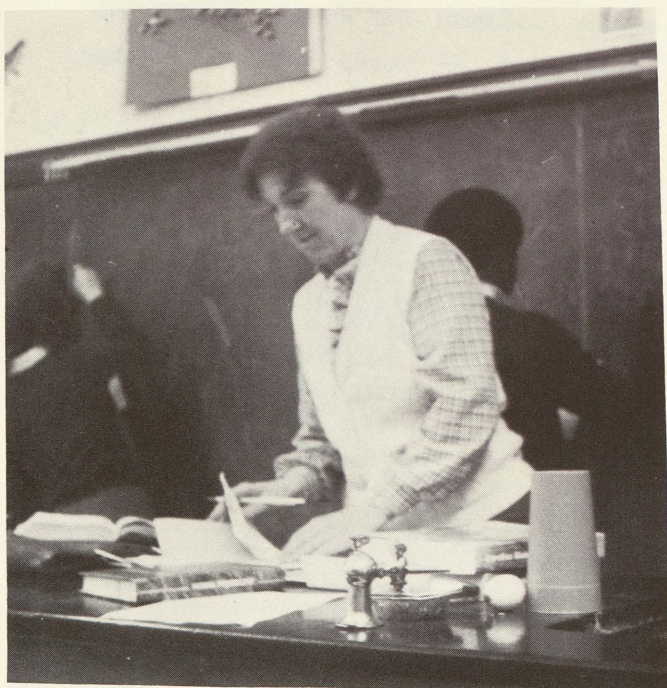

If anyone is wondering why Mrs. Rath's Math classes are so difficult to pass, I hope this will explain why. Mrs. Rath doesn't only strive to teach about Math to her students, but she tries to make the students master the subjects for the future. This method of teaching is important for students who are planning to go to college.

Miss Wieland tries to get her students to listen and practice while she's teaching her math subjects. This makes it easier for someone who doesn't understand the math problems that are difficult in all her Algebra classes. Miss Wieland also tries to bring out logic to her students.

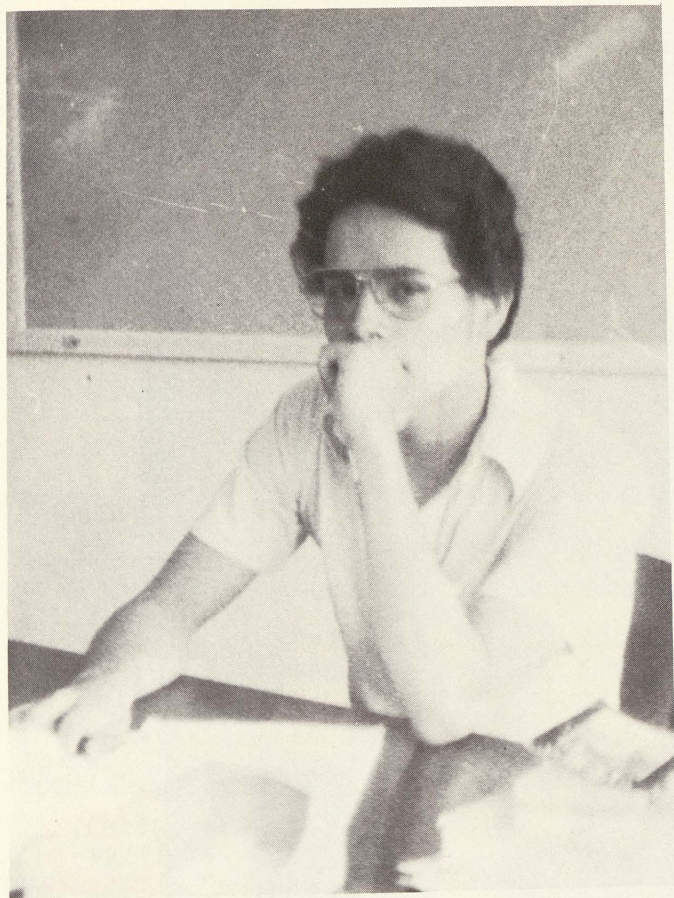

For her first year teaching Math, Mrs. Olivier has also done a fine job teaching Business Math.

Mrs. Rath explains the homework to her Algebra II class.

Religion: A Way of Life

The goals of the Religion classes were to develop a better sense of right and wrong and what it meant to be Christians, to make faith more real in the student's lives and to understand it better.

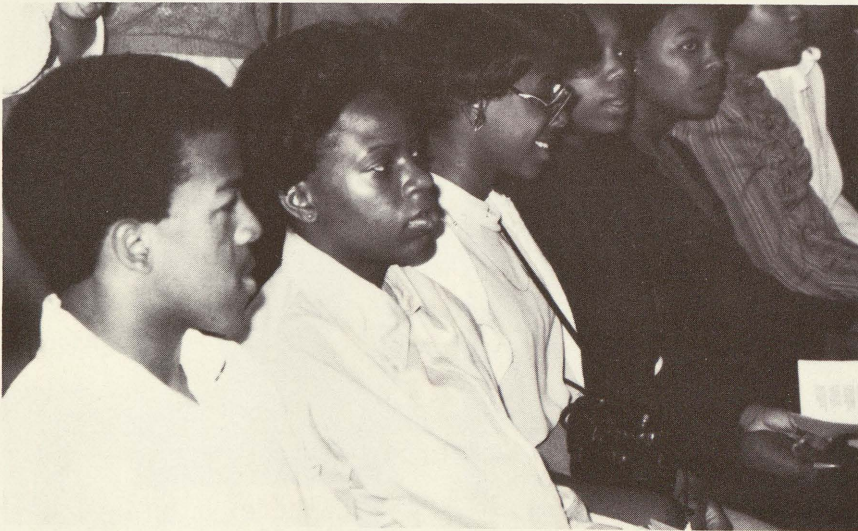

There were three different teachers for Religion this year. They were Ms. Crant, who has been teaching Religion for three and a half years; Mr. Cavanaugh, who has been teaching for five years; and Miss Shreve, who also has been teaching Religion for five years.

Mr. Cavanaugh taught seventh grade Life of Jesus, eighth grade Church, ninth grade Looking at the Life of Jesus and tenth grade Morality, Sexuality and Gospel.

One section of seventh grade Religion was taught by Miss Shreve. The focus was on the Life of Jesus. This was Miss Shreve's first year here at St. Mary's campus.

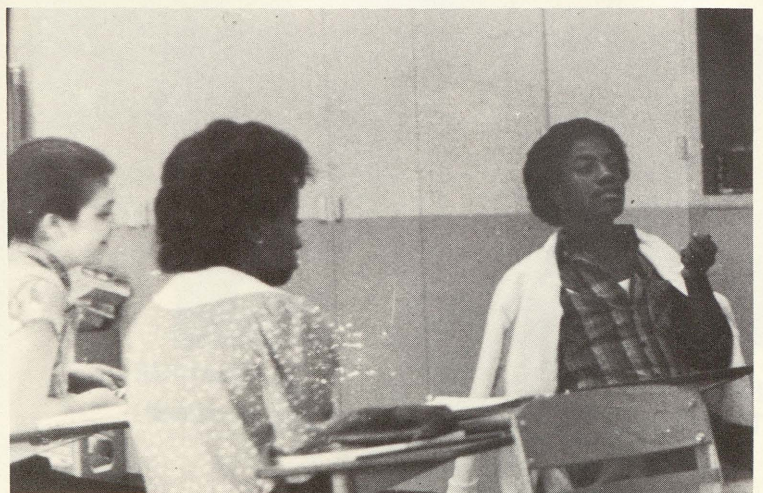

Ms. Crant taught ninth grade, eleventh grade and twelfth grade Religion. The following subjects were taught: Bible; Christian Vocation; Life After Life; Church; Prayer; Modern Moral Problems and Social Justice.

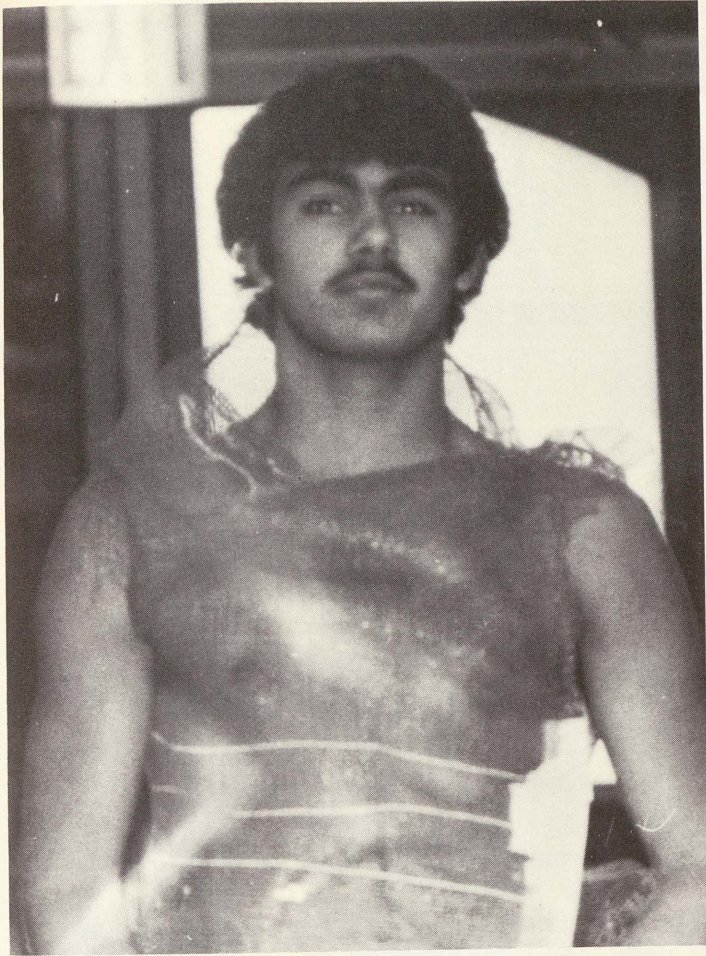

We are a Catholic Christian school and it is because of faith that we exist. Religion classes were a formal way for us to express that faith and to grow in knowledge of it.

Science

Moves Along

The Science Department's main goal was to develop a conservation class, which they successfully accomplished.

Mrs. Rath, the Biology teacher, helped her students as much as each individual needed, as she did more practical application. Her methods involved labs, hands on things, study guides and question/discussion combinations. Sophomore Sandra Orum commented that lab was most interesting and she felt Mrs. Rath always came well prepared.

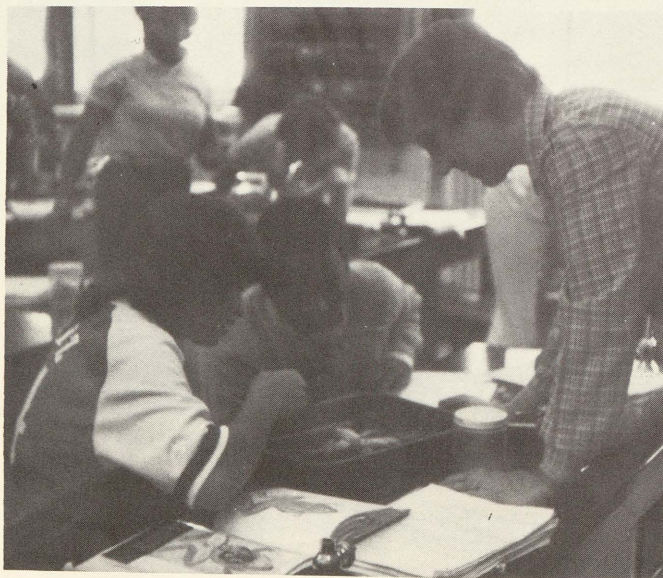

Miss Wieland felt she had a real close relationship with her students.

Science moved along with Miss Wieland's class to a conservation course. Miss Wieland thought science was the most challenging subject.

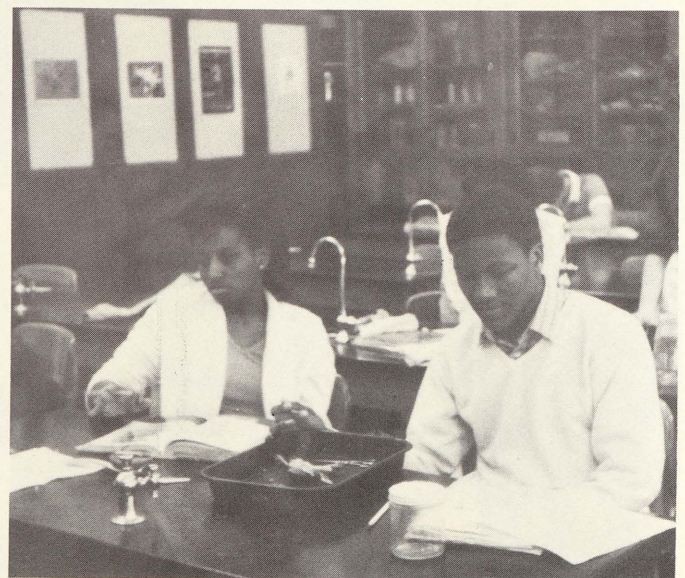

Sophomore Tracey White said "I like science because I get to learn more about the land and the minerals underneath it.

Ms. Cahill tried to give her all to her students by preparing for class on a weekly schedule. 7th graders studied the body and earth science. 8th graders had chemistry and field biology.

Ms. Cahill commented, "I like what I am teaching and whom I'm teaching."

Mrs. Rath helps Carolyn Lopez and Roy Sanders find the liver in their frog.

Derrick Martin looks over his notes while Sabrina Dunaway decides she ain't touchin' that frog.

Desiree Redeemer, Elizabeth Crowe, Amanda Lewis, Steve Coleman and the froggie are "Blinded by Science!"

Steve Coleman helps Delanna Dale with her frog, while Christine Bond decides that this is definitely not what she should be doing just before lunch.

Spanish Hard But Fun

Spanish class this year achieved a lot, despite the fact they had so many different teachers. Mrs. Gonzales said she feels she has taught the students to the best of her ability and she hopes they have learned a lot from her.

"Spanish this year is more exciting then last year," said Linda McGowan.

"Spanish II is fun but hard," commented Steve Sheltraw.

Rene Martinez added...."Spanish is fun but it can be hard if you don't study."

Typing Aims Higher

In Typing, there were few changes. In Typing II, they were involved with putting together "The Warpath," the school newspaper. In both Typing classes, they were introduced to a computer.

In class, the students did daily drills and practices. They also learned to type business letters and personal letters.

Mrs. Olivier has been teaching typing for a long time. She taught typing at Frankenmuth High School just before she came to St. Mary's. She's been teaching at St. Mary's for four years.

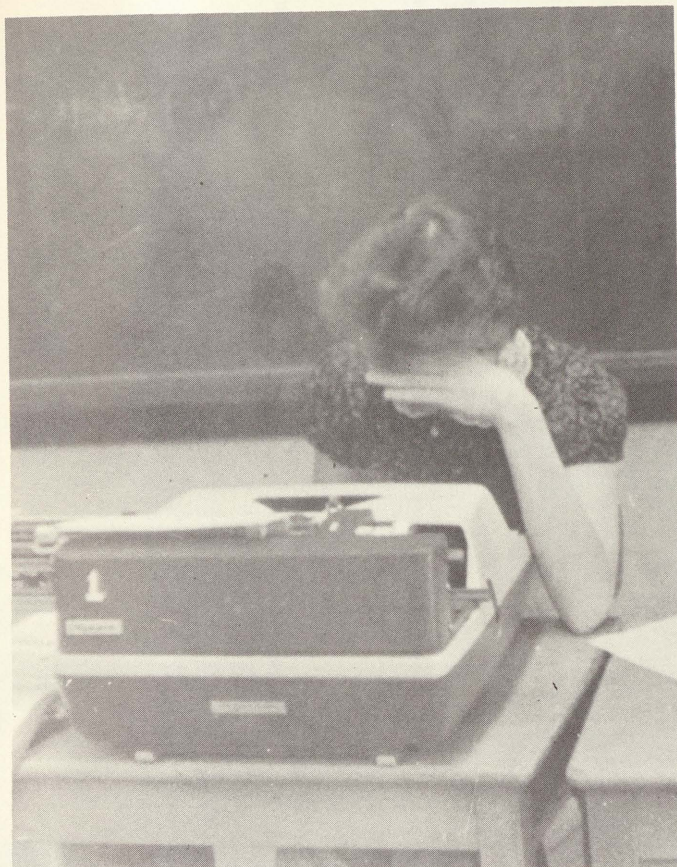

Mrs. Olivier also teaches Consumer Economics and Business Math.

She thinks the new school system was a step in the right direction. "We can't afford to waste an education," she said. "In the end, we'll have a stronger program. But it will take time."

In the future, she hopes to see the day when we get more modern equipment in Typing.

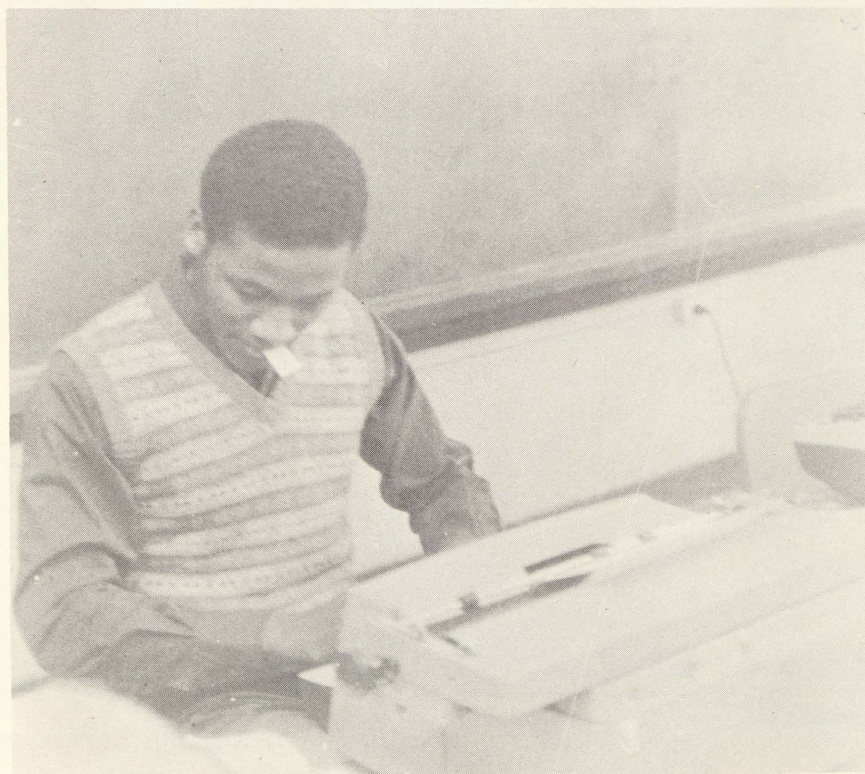

Alyssa Miller works hard at getting her assignments finished.

Oh, gee Kelly! Not another mistake.

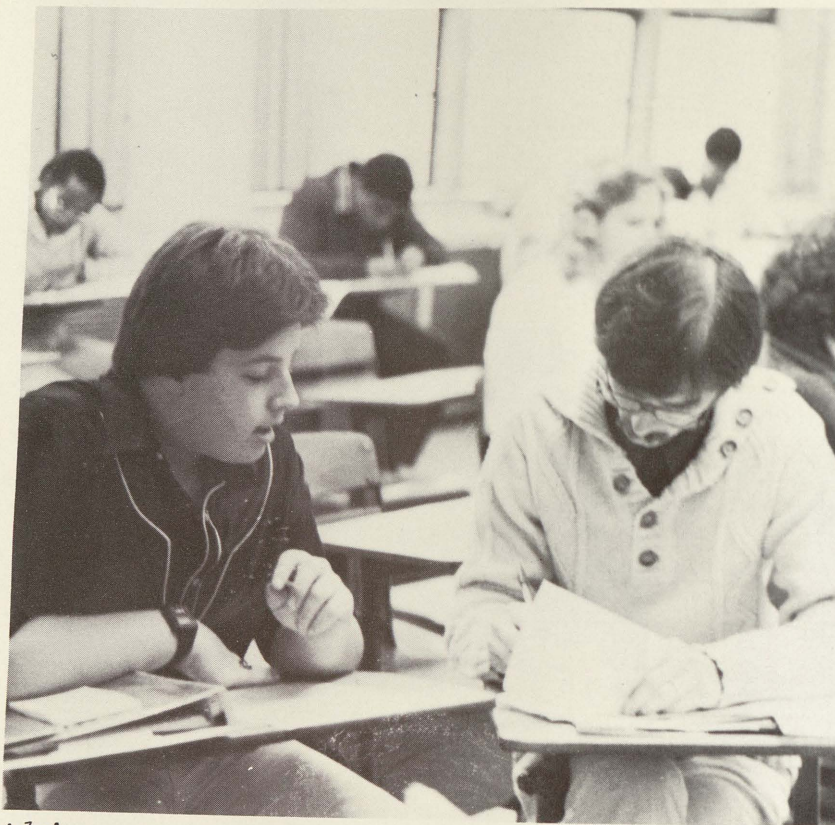

Joseph Narvais corrects his mistakes in order to be a better typist.

Derrick Martin has his correct type sheet ready just in case he needs it.

STUDENT BODY

WE'VE ONLY JUST BEGUN

Senior year is one you'll never forget. The idea that at the end of the year you'd be free from school and on to independence puts a little extra enthusiasm in everybody.

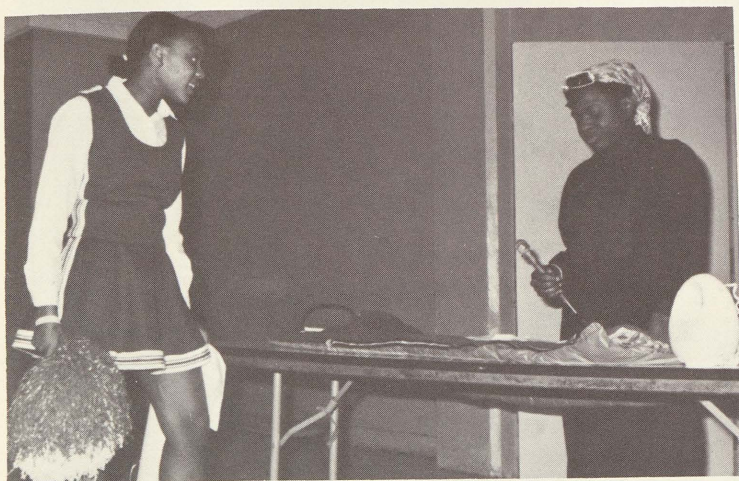

The Class of '83 has had enthusiasm since they entered ninth grade. Their senior year was more enthusiastic than the class had ever been before. During spirit week, they won the float competition, hall decoration and Senior Dennis Andrews won best Fifties day costume.

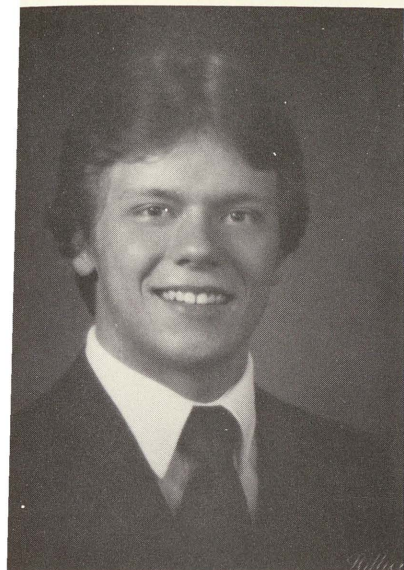

Your senior year teaches you many things. When Mary Cudney was asked what it has taught her, she replied, "Being a senior at St. Mary's has taught me that I have to be serious about my school work and my future, but I also have to take time out to enjoy myself."

The Class of '83 is a special class for many reasons. They are talented, friendly and intelligent. Another thing that makes them special is they are the first class to graduate from Saginaw East Catholic School System. There were many changes in the school this year and they adjusted very well.

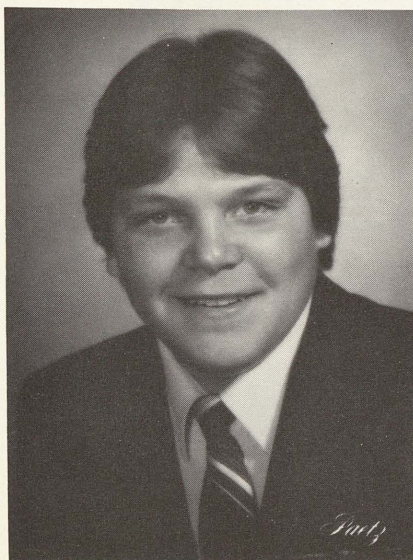

Last but not least come the good-byes. Promises to keep in touch and keep the friendships going. Hugs will be shared and some tears shed.

Mary Cudney expresses it the best. "I'll miss the people and the smiling faces. Everyone at St. Mary's is friendly and I will miss the closeness that we shared as seniors!"

Concerned

Being a Junior this 82-83 school year at St. Mary Cathedral High School, meant more than just coming to school and going to classes everyday. The Junior class is more like a family than just good friends. This group of students did a lot of things together. They had bake sales, sold pennants and sponsored Blue Jean Days. Most of the things that the Juniors did went toward helping the Junior-Senior prom.

This year the Junior class was concerned with some of the rules that were placed on the student body. They felt that the whole school shouldn't be punished for what a small group of students did.

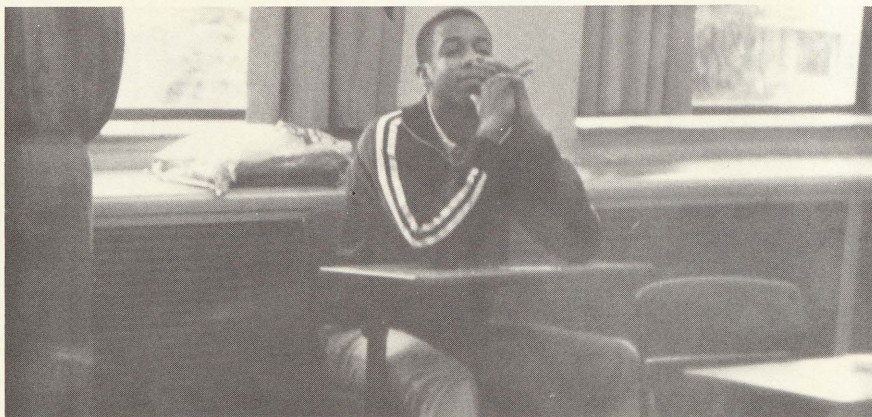

Carla Cormier said, "I think the school is better than last year because every thing is arranged different and you don't always have the same people in all of your classes."

Desmon Daniel commented, "As to the new system, there is always someone who will disagree with it, but this time it's just about everybody."

"I think the freedom and responsibilities that go along with age are being taken from us. The perfect example is not being able to go out for lunch. Why make everyone suffer for those few who are irresponsible?", said Des.

"The Junior class is motivated and well organized in their work. They will be successful in what they do because they're very organized," commented classs advisor, Mrs. Burke.

Advisors do Excellent Job

Freshmen! Freshmen! Freshmen! Those were chants of cheers applauding the 1982-83 Freshman Class. Although the freshman class numbered only 32 students, they never let that stop them. A big part of this had to do with class advisors, Ms. Judy Ann Crant and Miss Kathy Shreve. They did an excellent job at keeping the class together as a whole. One remark from one student to another was, "Don't fight the feeling." That explains the kind of enthusiasm they had.

Miss Shreve directed a program called HOSTS, Help One Student To Succeed. A lot of the Frosh were in the program. Lee Mannie had this to say, "It is a good program to help your reading and learning skills."

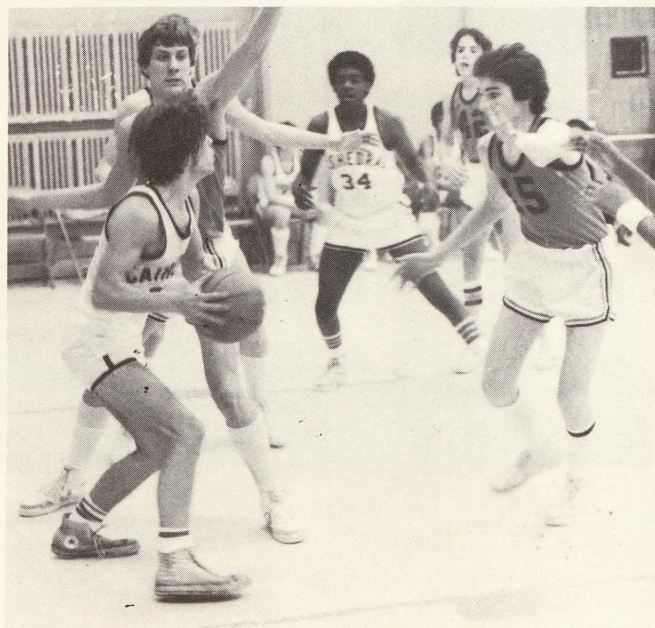

Ms. Crant, on the other hand, taught Freshmen Religion and also supervised on different activities.

Some of the activities the Frosh did were the Freshmen Retreat. This is where they had a chance to get away from school for a day and just have some time to think about their lives. The Retreat was intended for this purpose and the Frosh took it seriously. Another activity was bowling. The Frosh went bowling quite a few times. "I don't know about my score, but I had a lot of fun," commented Darryl Martin

Raiders Pay Back Opposition.....

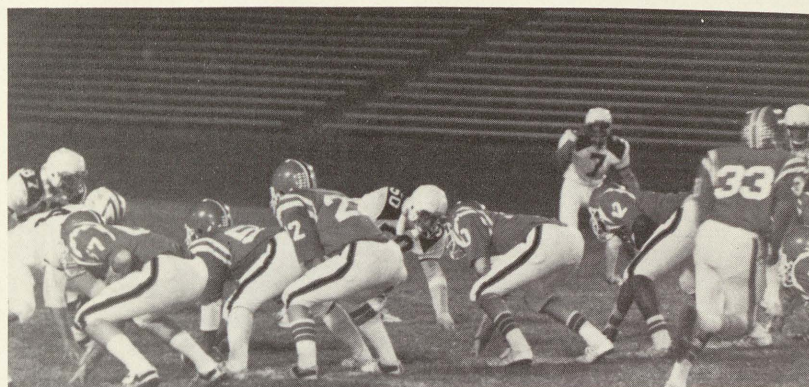

St. Mary's Football team has gone through a lot of changes. Under second year coach, Jeff Oeming, the Raiders went 5 and 4 with victories over teams who had beaten them by large margins the year before.

The Raiders went into the season with the theme: "We owe our opposition." In their first game, against Flint Academy Eagles, the Raiders led most of the game, but in the final minutes of the 4th quarter, the team collapsed and lost 18-14. Despite the loss, good performances were turned in by backs Derrick Martin and Skip Harrison.

*The coaches Jeff Oeming,
Jim Church, Tony Gresziak
and Tony Williams.*

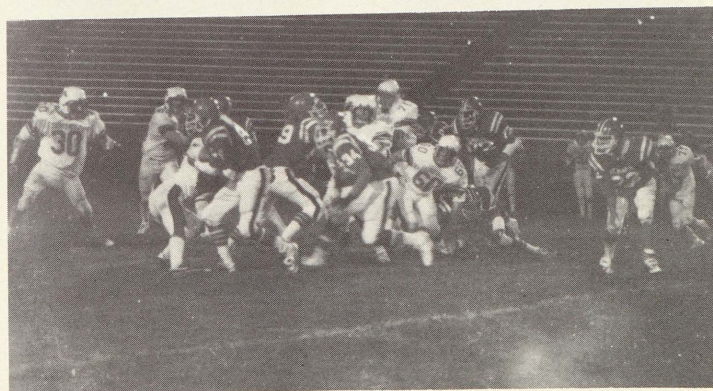

Ignited by the loss, the Raiders met their next opponents, the Mayville Wildcats. Both backs, Martin and Harrison, gained over 100 yards as the Raiders won 26-23. The defense was led by Senior captains, Eric Scott and Dennis Andrews.

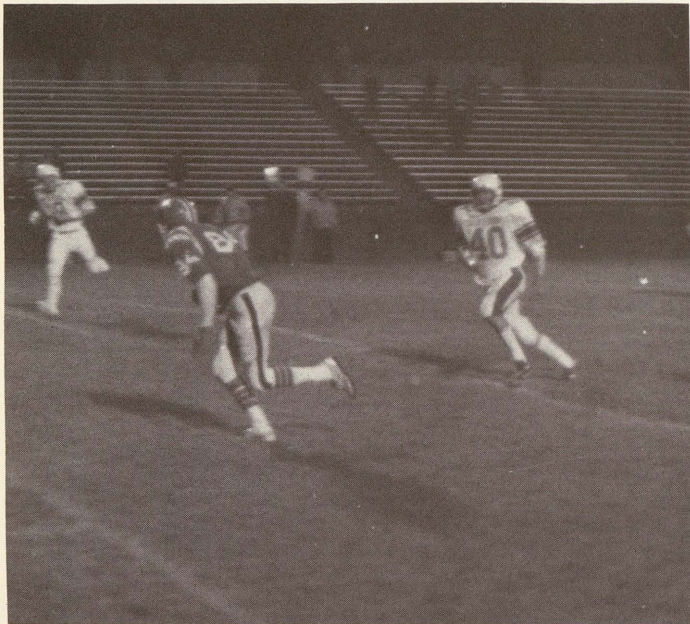

The Raiders travelled to Vestaburg and suffered an 8-6 setback. The defense held the scoring to a safety and a blocked punt.

On to Ortonville-Brandon, the Raiders were out-classed and lost 53-22. Monte Stitt caught 3 touchdown passes from Dennis Andrews in the losing effort.

The Raiders took a 2 game losing streak into Grosse Point University Liggett team. The Raiders were on the way to a 4th loss when they rebounded in the second half and David Johnston scored the winning touchdown with 46 seconds left in the game. The score was 22-14.

..... Finish... 5-4

Next, the Raiders met the Irish of Mt. Pleasant Sacred Heart who had beaten the Raiders 54-0 last year. The Raiders played incredible the first half, but the Irish came back in the second half and led 25-22 with less than a minute left in the game. Dennis Andrews threw a pass that was tipped by an Irish player into the hands of Derrick Martin in the end zone with 3 seconds left to win 30-25.

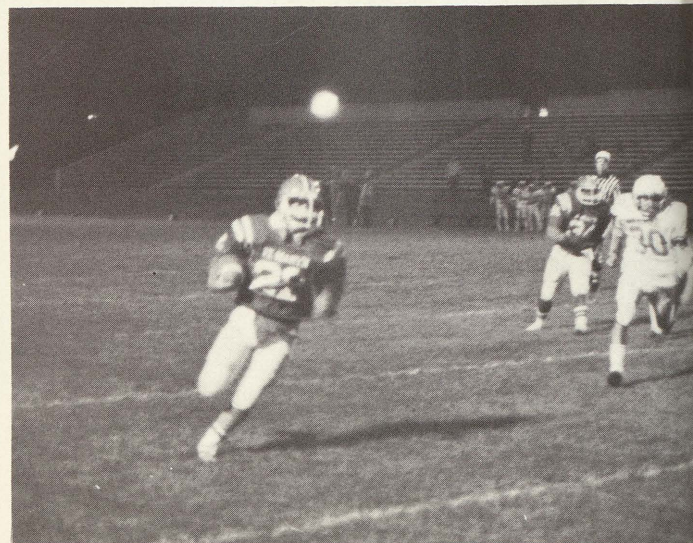

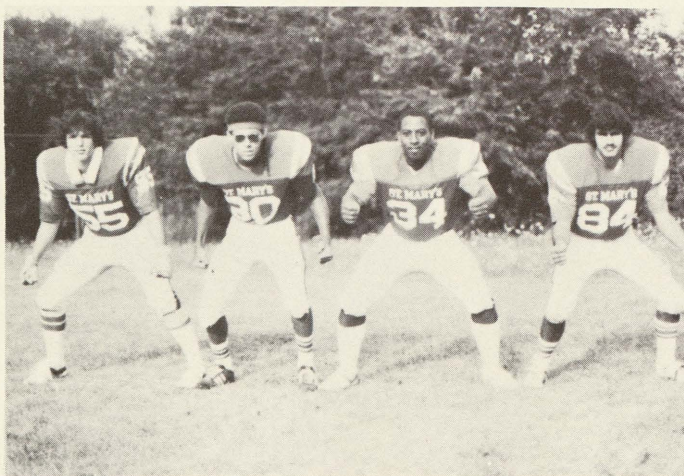

The Raiders took a 3-3 record into the Homecoming game against AuGres-Sims Wolverines. The game seesawed back and forth with AuGres leading 22-20 with 4 minutes left in the game. The Raiders drove down the field and Andrews ran a sweep around end into the end zone and the Raiders led with 46 seconds on the clock. Defense held AuGres at their 38 yard line and stopped their drive when a last second pass was intercepted. St. Mary's wins 26-22.

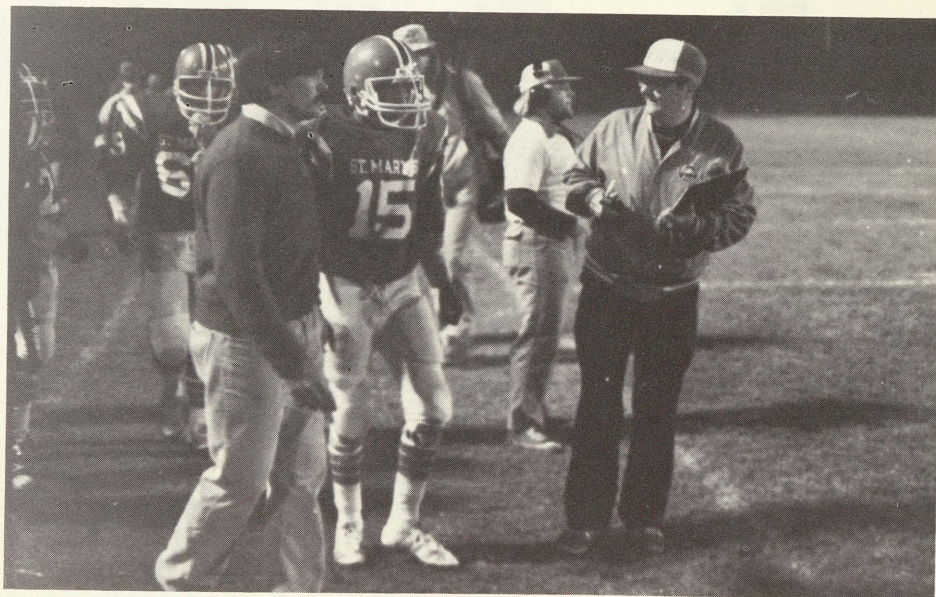

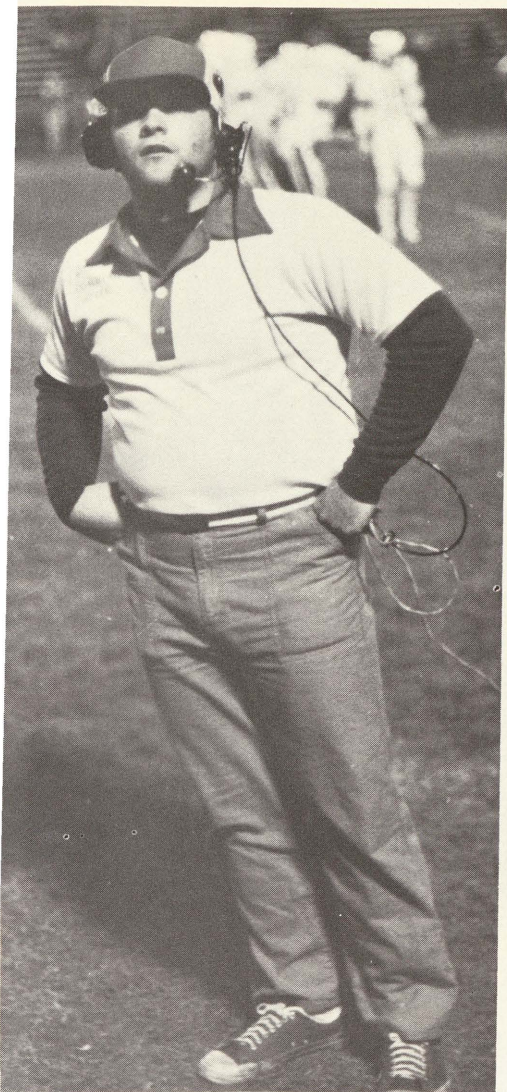

Raiders next opponents were the Michigan School for the Deaf, the only team they beat last year. The Raiders defeated the MSD 34-6.

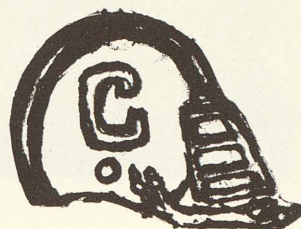

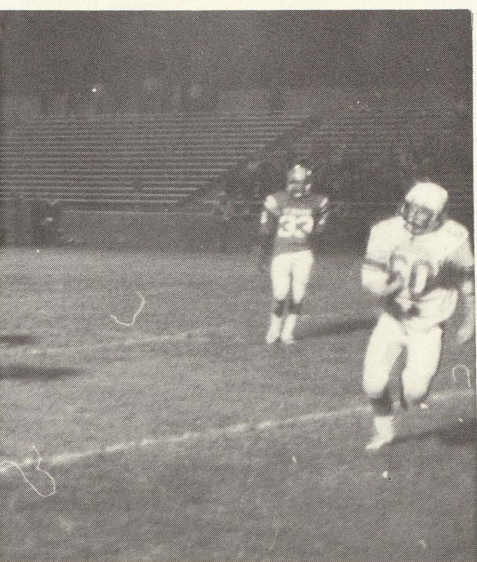

The Raiders were now 5-3 with a 2 game lead over the rest of Class D area teams, except Kingston 4-4.

The Class D Championship game for the Raiders was against Akron-Fairgrove Vikings. The game was dominated with

defense and the only score coming from an intercepted pass be Akron. The Raiders lost 7-0 as the offense could do nothing. That loss was a mystery that left some questions: Was it too cold? Was their defense just too tough? Did we give up because the game was away? Was Akron just a better team? The answers were lost forever on that cold field. Because of that loss, the Raiders lost the championship, but the Raiders brought something the teams have lacked in the last two years, excitement and a winning season.

The Thrill Of Victory

J.V. Girls Basketball team was very much improved. The final record was 4-14.

This was Mr. Bill Quinnan's second year as head coach. They also had a new assistant coach, Mr. Tom Cole.

There was a very small turn out of girls for the team this year. There was only twelve girls in all. Instead of just having a Varsity, they decided to go with six on each team, J.V. and Varsity.

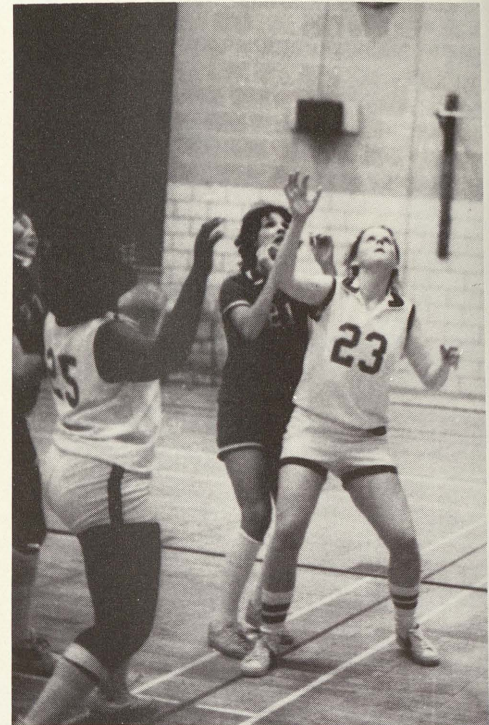

The players individual skills had improved greatly, and most of their games showed it.

Each player did her part and didn't put the pressure of getting the points on one girl. Even though there were few players, the girls still had a positive attitude about the team.

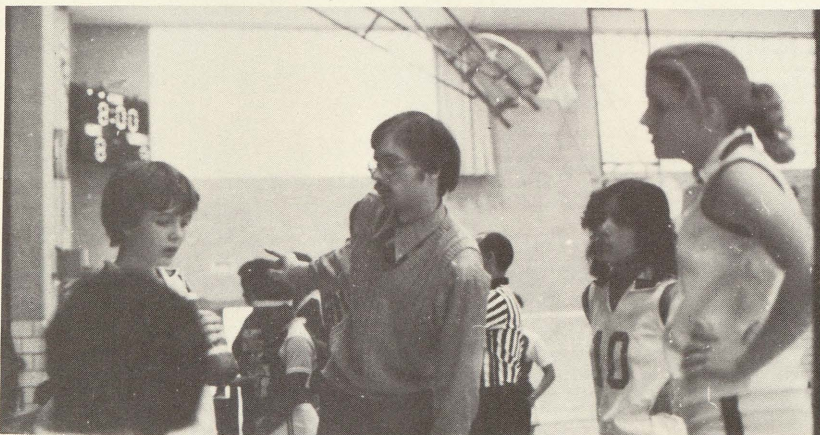

J.V. team experienced the feeling of winning four games and coming very close in many others.

The Agony Of Defeat

The Varsity did not win a game in a long and frustrating season. With only 6 girls, Coach Bill Quinnan, assisted by English teacher, Tom Cole, was hard pressed to keep a competitive spirit throughout the year. His dedication and effort was a bright spot.

Half-Time Entertainers

The purpose of the Pom-Pon squad was to build school spirit, to support the team and to entertain the crowd.

Ms. Crant has been the Pom-Pon advisor for three years. She really enjoys being the advisor.

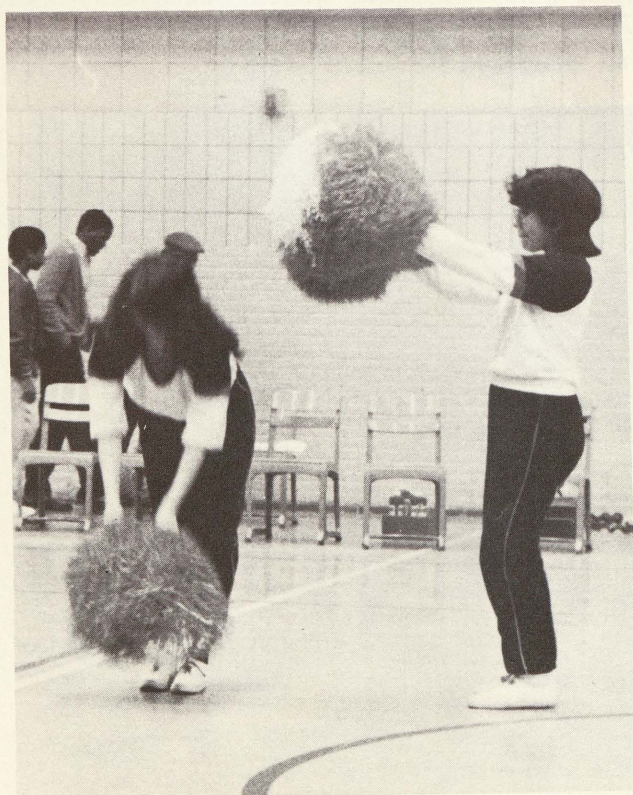

There were only four girls on the squad. Juniors Erika Trevino, Amanda Lewis, Sophomore Danielle Cortez and Freshman Veronica Flores.

The Pom-Pon squad did four routines during the basketball season. The songs that they danced to were: "Alligator Woman" by Aames, "Wild and Loose" by the Time, "Mickey" by Toni Basil and "Space is the Place" by Soul Sonic Force.

Ms. Crant finds it hard to be the advisor and teach too.

"It takes a lot of time when I could be working with my classes," said Ms. Crant.

Ms. Crant also commented on the four girls and how dedicated and talented they were.

Positive Attitudes

"Mental Toughness" was the theme this year, and again the Raiders were mentally tough. Defeating highly ranked Class B & C teams, the Raiders finished the season with a 21-4 record.

One of the main reasons for the very successful season was the change in attitude.

"We had an overall different attitude, everything was positive," commented Junior Archie Tullos.

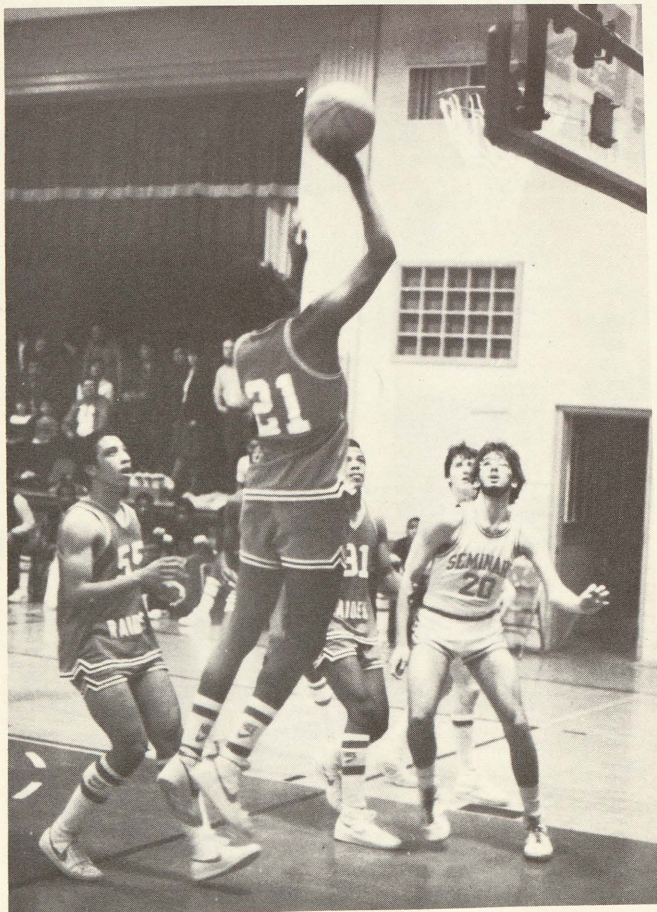

The team finished the 82-83 season with many honors. Archie Tullos making first team All-State with Steve Coleman making honorable mention. Archie, Steve and Senior Isaac Madison received All-Area honors with Seniors Steve Whitson and Michael Simpson receiving honorable mentions.

The Raiders finished a very successful and satisfying season.

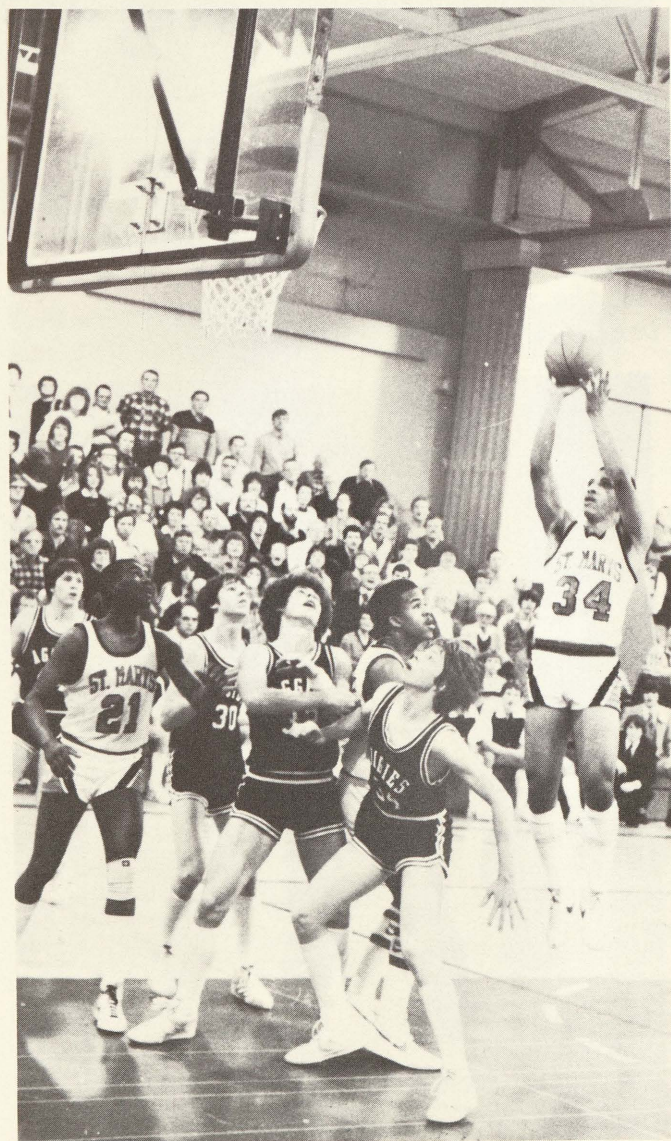

"Probably, more than any one facet, we played very well as a team and did not deviate from our role.

This team reflected my philosophy as a coach as well as any team that I have coached at St. Mary's," commented Coach Norwaine Reed.

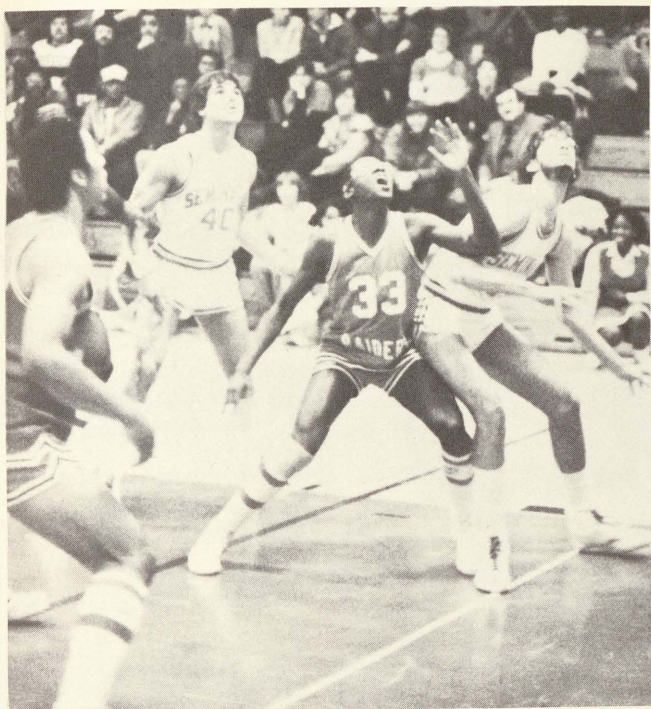

"I am satisfied with the season because we had some rough spots along the way and we were able to overcome most of them," added Todd Holloway.

'VETERAN' JV IMPRESSES

The 1982-83 St. Mary's JV Basketball team can best be described as "tried and true." Four seasoned Juniors led the little Raiders to a disappointing, yet fun-filled 9-10 season.

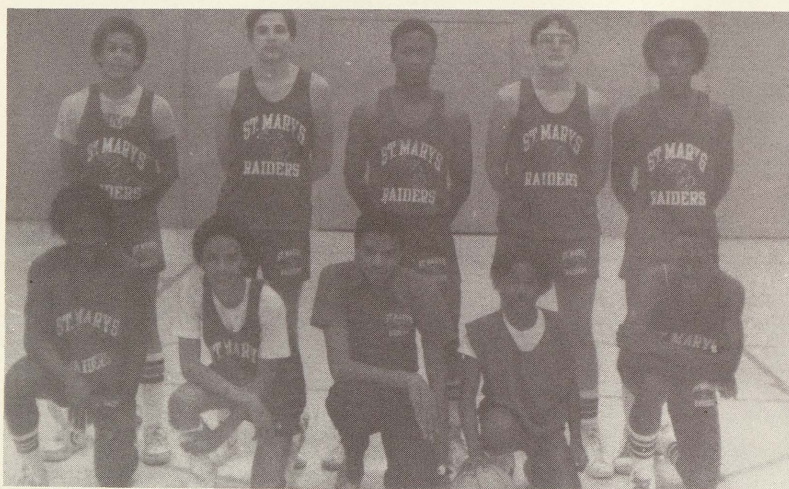

The JV team this year was coached by two former Raiders, Wendall Parker and Sherman Bell. These two big men handed down their experience to the young players who responded enthusiastically.

Freshman, Chris Coles, impressed many with his unique ball handling technique. He led the team in points and assists as well as being one of the team's tri-captains.

Sophomores Derrick Martin, Izell Bowick and Steve Sheltraw also surprised many with their round ball skills.

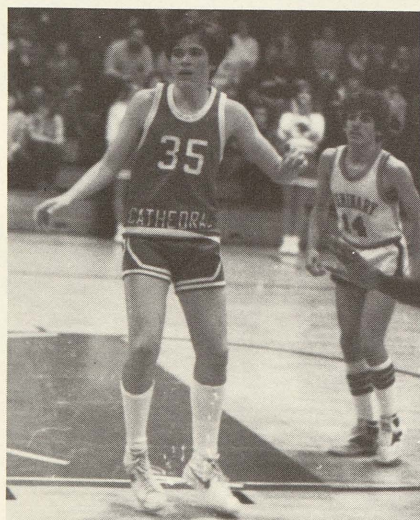

Martin, another captain, led the team in rebounds, while Bowick and Sheltraw came on late to add more spark to the Raider offense.

The little Raiders may have had a losing record, but they did learn from their mistakes. They pulled those mistakes together in the last game to upset St. Stephen in overtime. They won many that they should of lost and lost many that they should have won, but all in all, they came out on top in the end.

Despite Losses, Frosh Sweat It Out!

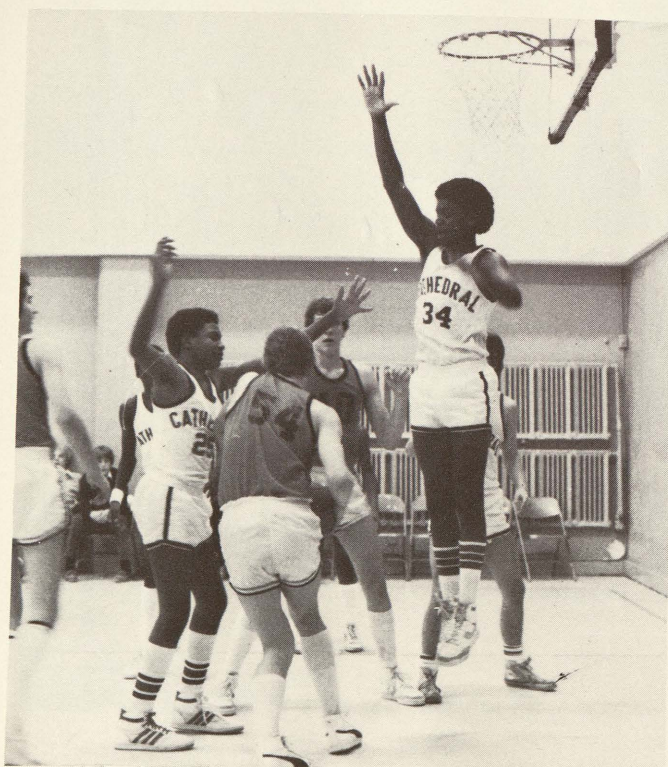

The Freshman Basketball Team fought strong although they had some key losses. Despite Freshman Chris Coles and Phillip Phillips moving up to the J.V. and Varsity levels, the team still held together as one. Coach George Thelen stressed all year that a team can only be as good as their pride and in this perspective the freshmen took that statement seriously.

Although having a poor record, they still stuck together through thick and thin. Part of that credit should go to John Bolton who led the squad in scoring and rebounding just about every game. This doesn't mean that he was a one-man roster. Joe Kendall, Lee Mannie and Darryl Martin also helped out. Also putting in a good effort were Craig Johnston and Robert Conway. Another problem for the freshmen was that Dereon Pruitt, who led the squad in scoring for all of the games he played, was moved up to J.V.

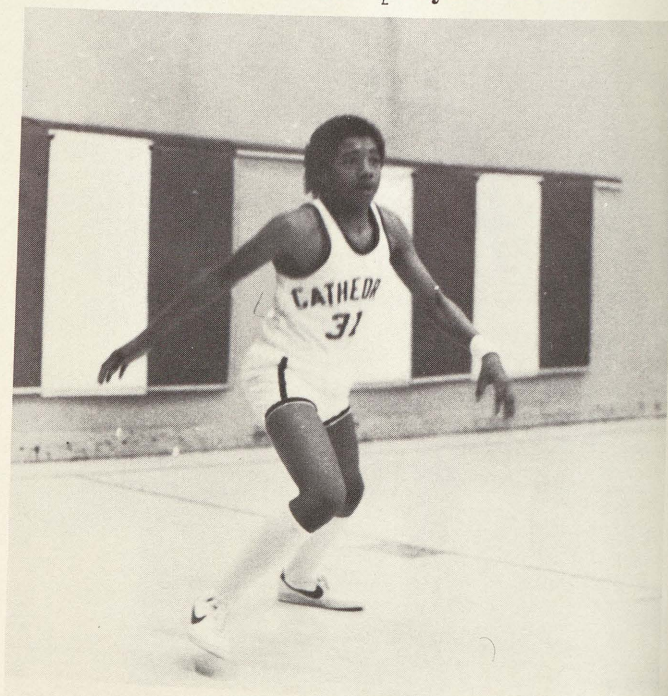

"I think we had a good season despite losses," commented Craig Johnston. He also added, "The loss of Chris Coles and Phillip Phillips also took its toll."

INCONSISTENCY KILLS

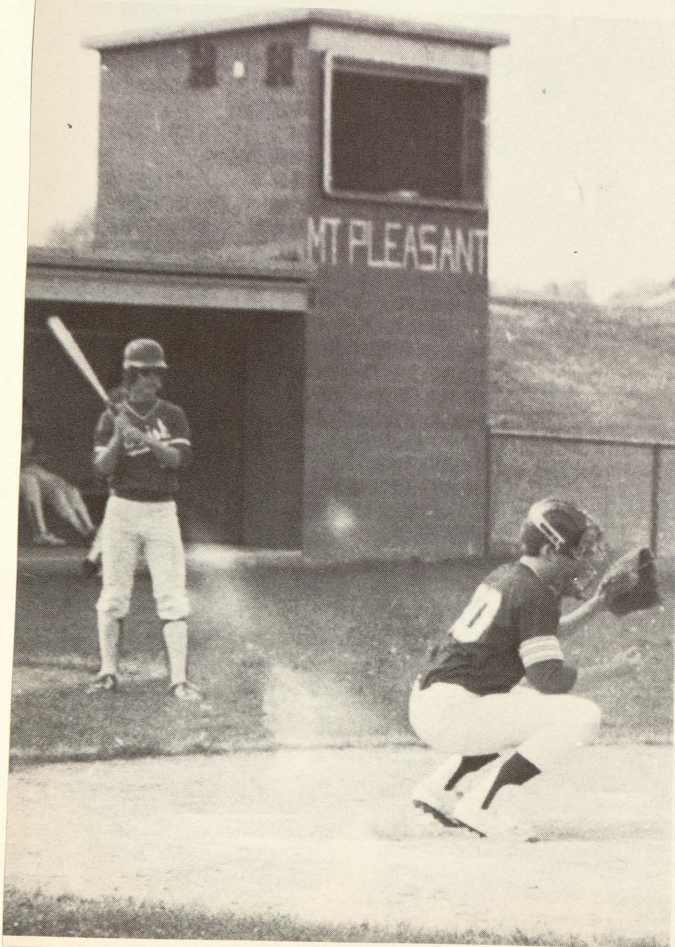

'83 RAIDER 9

The 1983 St. Mary's Raider team was killed by inconsistent hitting, pitching and fielding. The Raiders ended up the season at 2-7 including a pre-district loss at Mt. Pleasant Sacred Heart.

The season started out with a couple of heartbreaking losses. a 14-10 loss to Vestaburg and 9-6 loss to Valley Lutheran. In these games the Raiders got plenty of hitting, with key hits off the bats of Dennis "Stuck" Andrews, Mike Rocha, Joe Narvais and John "King Cobra" Bashans.

After those two losses, the Raider bats and pitching fell asleep. A twin-bill killing by Valley Lutheran made Raiders cheers go to tears, as the Raider 9 fell to 0-4. After this, the Raiders put 2 in the W column. A sweep of Flint Christian 13-2 and 14-3. Dennis "Skyler" Haremski and Angelo Soto picking up the wins. Steve "Ozzy" Sheltraw, John "Smoo" Sullivan along with Andrews and Rocha were the hitting stars. In consistent fielding then plagued the Raiders. Two losses at Flint Academy were hurt by this fielding. This dropped the Raiders to 2-6. The Raiders final loss was the the hands of Mt. Pleasant Sacred Heart. The Raider 9 ran into a great pitching performance by Sacred Heart.

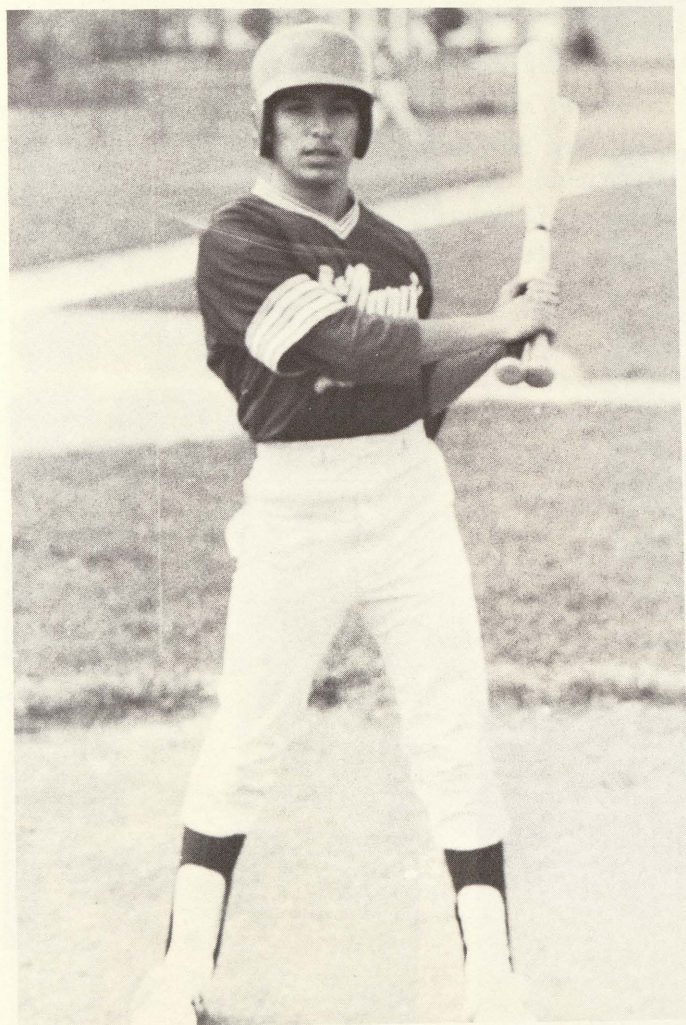

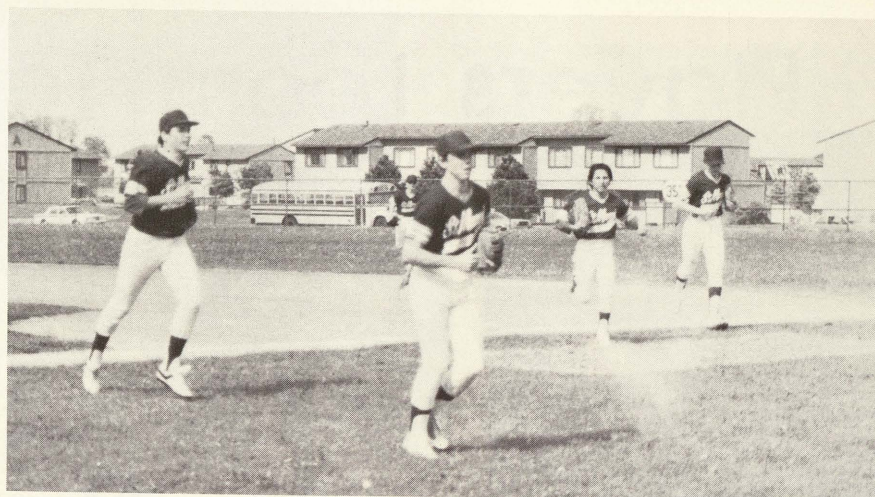

All in all, the season was promising. They had a good turn out for the baseball team this year. Although weather washed out some of the games, most everybody played and most of the players had lots of fun playing ball at St. Mary's.

TENNIS TEAM ALL SET

St. Mary's tennis team is improving every year. They started the season inconsistently with mental errors due to lack of practice. However, as the season rolled on, the team got better.

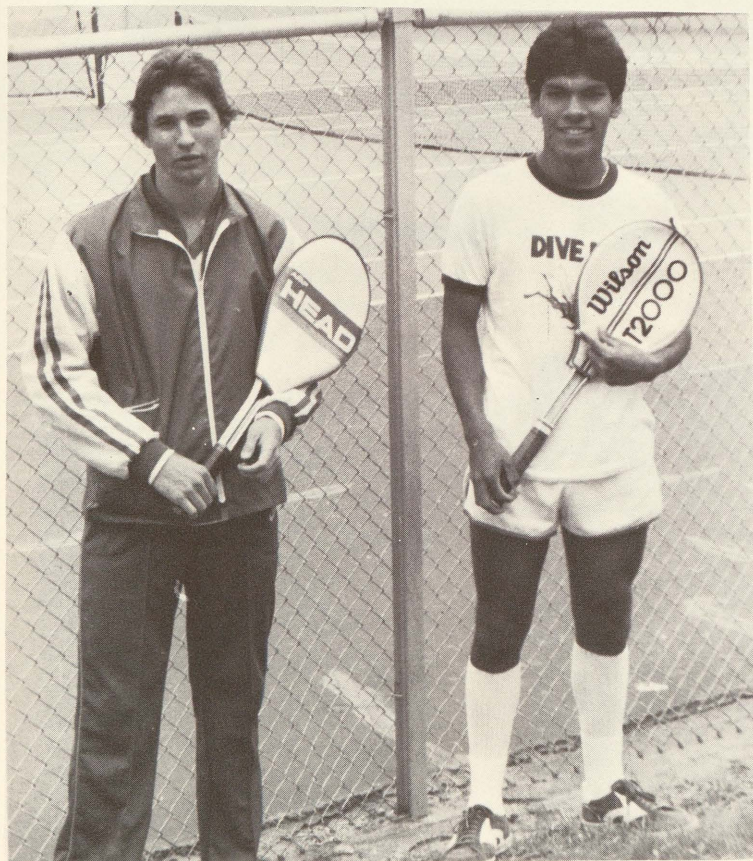

Veteran standouts, Geri Jastrzembowski and Mike Rocha had impressive seasons. Jastrzembowski was undefeated in seasonal play, and Rocha lost only two matches. Geri defeated his rival from St. Stephens 6-2, 6-3 in his Regional final in flight one, and Mike outlasted a tough opponent from Dewitt in a three set battle to take the flight two medal.

Geri also represented St. Mary's in the State Finals for the second year in a row. He again made it to the Quarterfinals before being turned back 7-5, 6-4 in a tough match.

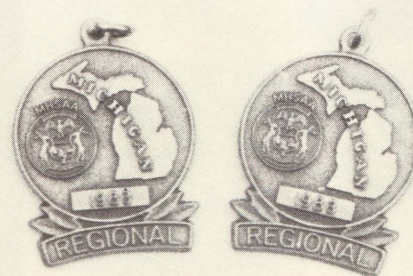

Fourth year coach, Terry Manwekk, is looking forward to next year. "The kids really hung in there and gave it their best shot. I was proud of them."

STUDENT LIFE

New Advisor Gets Job Done

Despite the fact that this was Mr. Michael Cavanaugh's first year as Homecoming advisor, he did a fairly good job.

Spirit Week (Oct. 18-22) underwent many new changes. Such as, the Jr. High being able to participate. Also activity-wise, there were changes.

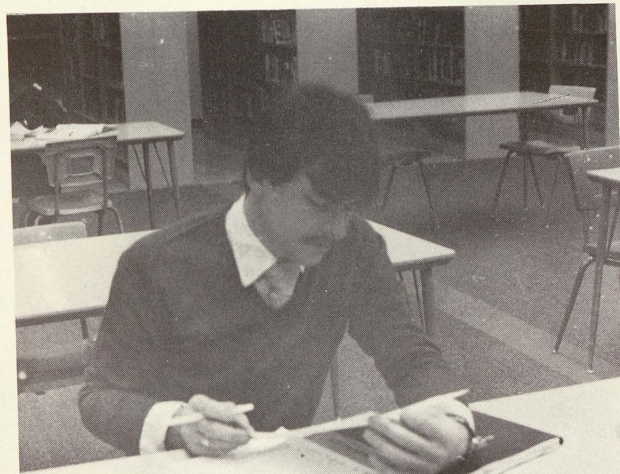

Monday went pretty much like tradition with Hall decorating. The Seniors won that award.

Tuesday was Dress-up day. A switch from the usual Hobo Day. This activity was not judged.

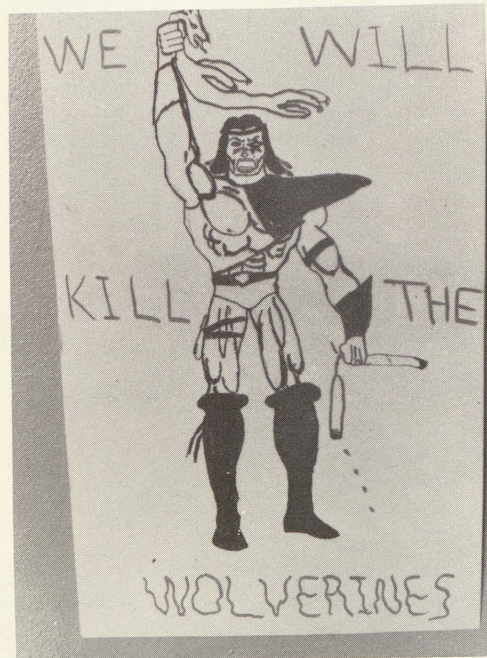

Wednesday was Hat Day. While spirits were quite high, Mrs. Olivier captured the prize with a hat which she made.

Thursday there were a few different activities, including Hush Day, for which spirits were low. Corey Phillips won that event. Thursday was also the Powder Puff Games. It is girls teams with guy coaches. This year, teams were combined. The Senior/Sophomore team against the Junior/Freshman team, which ended in an 0-0 tie. The 7th & 8th grades had a game against each other with the 8th grade winning 7-0.

Friday was the pep rally in order to prepare for the game Saturday (Oct. 23). The dance also took place in the gym for 8:30 to 11:30pm with Claude Belle playing the music. "Spirit Week was alright, but the judging was questionable," said Alicia Bueche.

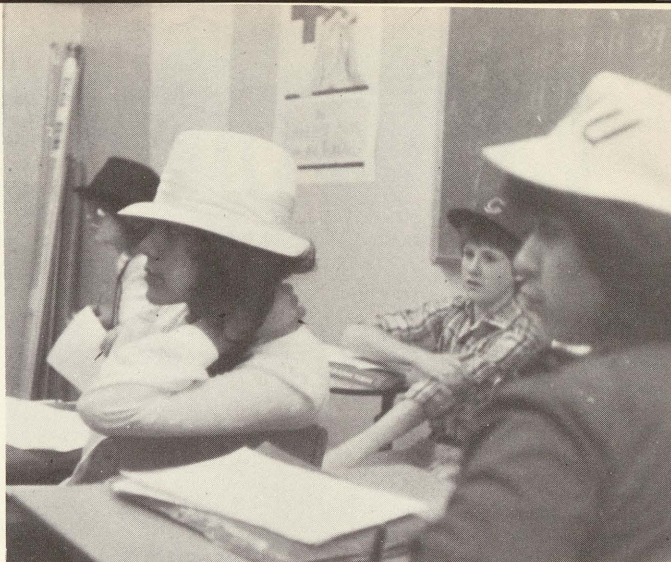

Juniors, Charles Sparks, Steve Coleman and Desmon Daniel, take up cheerleading for the Powder Puff Game.

Homecoming '82 was a big night for many. The football team won, the fans were excited and the Alumni came home.

But for 12 Seniors it may have been the biggest night of their lives. These 12 seniors were elected by their fellow students to Court.

Jeff Taylor and Demruse Washington were elected King and Queen while Steve Whitson, Ondrea Shinn, Lacrechia Bell, Isaac Madison, Jennifer Leek, Tammy Ward, Kevin Breckenridge, Dennis Andrews, Althea Berkley and LaWanda Kennebrew also had the honor of being on the Court.

Good Luck in the future to all the members of the Class of '83!

Raiders have got the spirit !!

Homecoming, October 23, 1982, was a big success. It seemed like all of the students were participating to make our homecoming a huge success.

Even though the court had little time to get ready, because of short notice, they looked very nice.

"It was very hard to judge the court because they all looked very nice and intelligent," commented Christine Bond.

Seniors won the float competition. Their float was titled "The Raiders are like calculators, you can always count on them."

For the very first time at St. Mary's, we included the 7th and 8th graders in the float competition.

The 7th grade float was titled "The Raiders are big, the Raiders are bad, watch out Wolverines, we'll make you mad."

The 8th graders theme was "Raiders are cold as ice."

The Freshmen theme was "Scalp 'em Raiders."

The Sophomores theme was "Come on along with SMC for a Raiders victory."

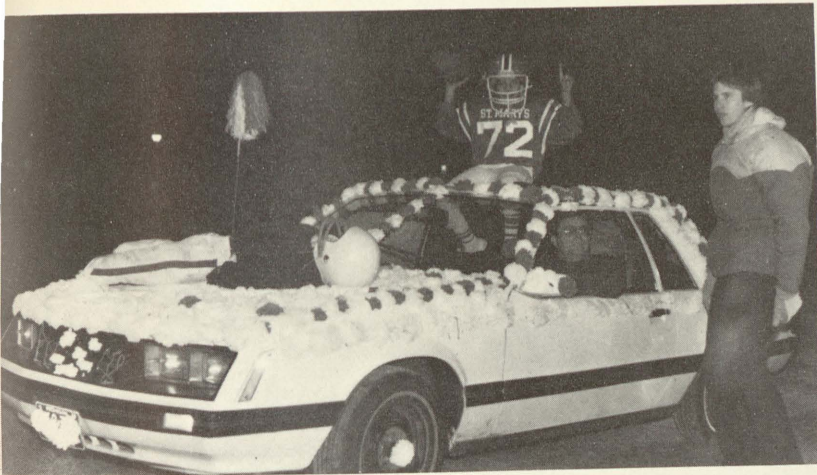

The Junior theme was "Together we will win."

The football game, some said, was the best game ever played by St. Mary's football team. One fan said it was exciting and tough, but good."

The Junior float, which was runner-up in float competition read "Together we will win."

Many Changes in the Library

Rodney Holmes files cards in the card catalog.

"There have been many changes in the library, and I feel students are using it more effectively," commented Mrs. Wiescinski, the librarian.

Mike Lentner, Brian Matthews, Steve Coleman, Beth Gallery, Rodney Holmes and Nellanita Whitehead are just a few of the student assistants. Also a mother, Mrs. Annette Falkenhagen and Typing II students help out by typing catalog cards. The library is available before and after school, or if your teacher let's you go during school. It is also available if you want to go in there at lunch time.

The library is there for students so they can get information for their school assignments that consist of information from the library. It is also for leisure reading and a chance to explore an interest that they have that's outside class.

Mrs. Wiescinski says, "Even though study hall was cut out this year, there's been better use of the library from classes."

CHANGES, Help One Student to Succeed

There have been many changes this year. The Drop-In Center moved from Acquin Hall to the main building. The purpose of the center is to help students in their studies and personal problems.

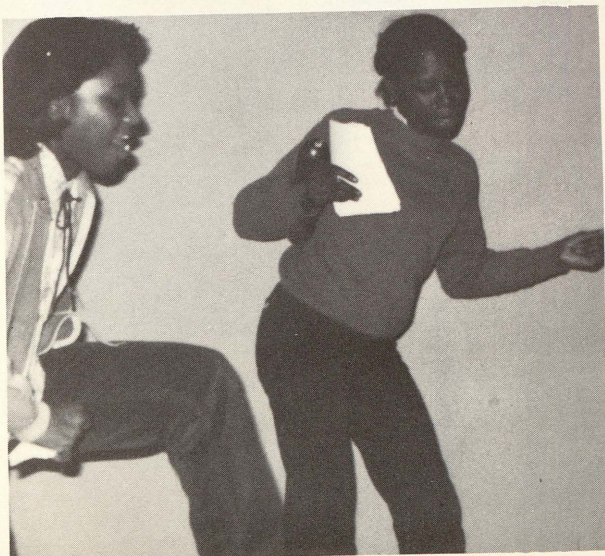

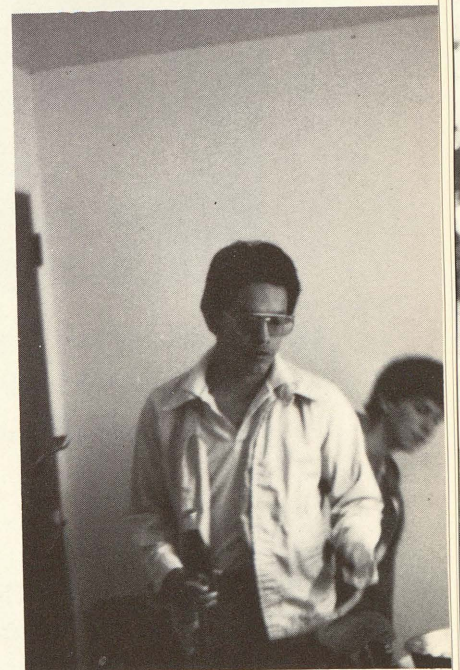

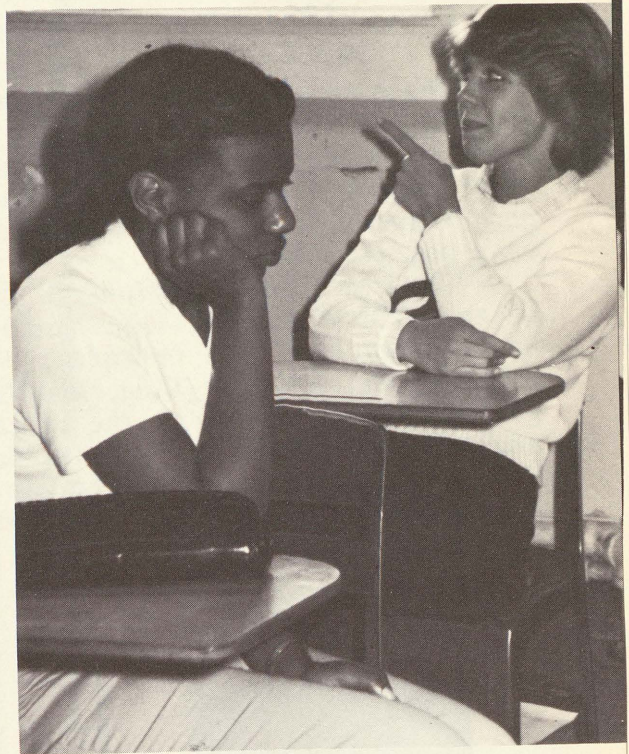

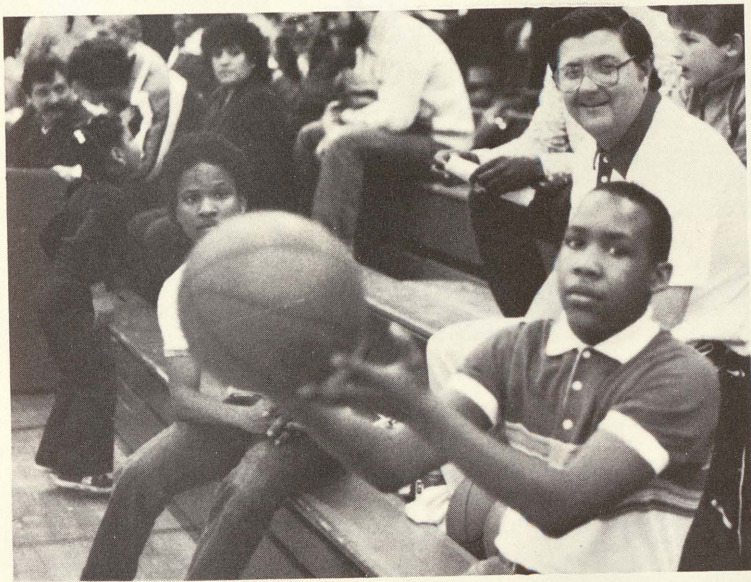

The most important thing in the Drop-In Center is their Reading Lab, which is a big part of some of the students education. "Without it, students would be lost," said Brian Matthews.

It is called the HOST program. The HOST Program means Help One Student To Succeed.

There were many new additions to the faculty and administration. The first being the addition of the principal, Mr. Jack Sochowicz. Mr. Sochowicz had a very good rapport with the students and was a very positive addition.

The other new additions to the staff were: English teacher, Mrs. Nadine Burke; Spanish teacher, Mrs. Gonzalez; History teacher, Mr. John Hoefling, who took over for Mrs. Debra Sutton at the semester; the new Art teacher was Mr. Michael Komera and HOSTS teacher, Miss Kathy Shreve, who also teaches 7th grade Religion and works in the Drop-in-center.

Students Adjust to Closed Campus

Closed campus - no students are allowed to leave the school building during school. Closed campus is done with the intent of keeping the students under school supervision. Some students still sneak out of school at lunchtime. But, closed campus is almost 100% effective. The students don't like having closed campus, but they have adjusted to it.

Mr. Sochowicz says, "I feel it's been nearly 100% effective, and the administration is evaluating this policy to see if changes can be made."

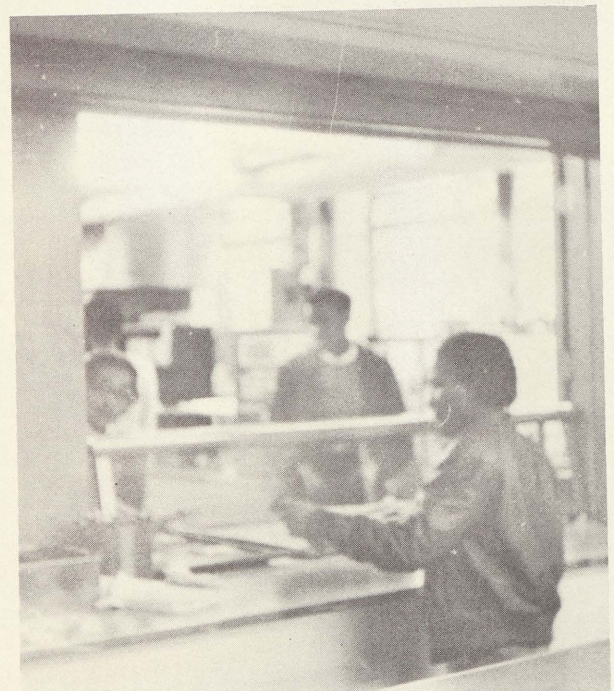

Alicia Bueche says, "I don't like it at all because you don't get the chance to go out to eat and there isn't anything to do at school during lunch."

"I think it stinks! We should be able to leave at lunch time," commented Tom Schmidt.

The ladies who did all the work for students to eat lunch were, Mrs. McCoy, the cook; Mrs. Campbell, who collected the lunch money; Mrs. Colvin and Mrs. Scott, who both helped to serve the food.

Mrs. Campbell says, "We enjoy the students, we enjoy working with them. We enjoy cooking for the students, but we wish more students would eat."

If the students didn't want to eat lunch or if they got done early, they sometimes went in the gym to play basketball or watched others play.

Mark Hardy waits for his lunch.

Pauline Guerra indulges in her lunch.

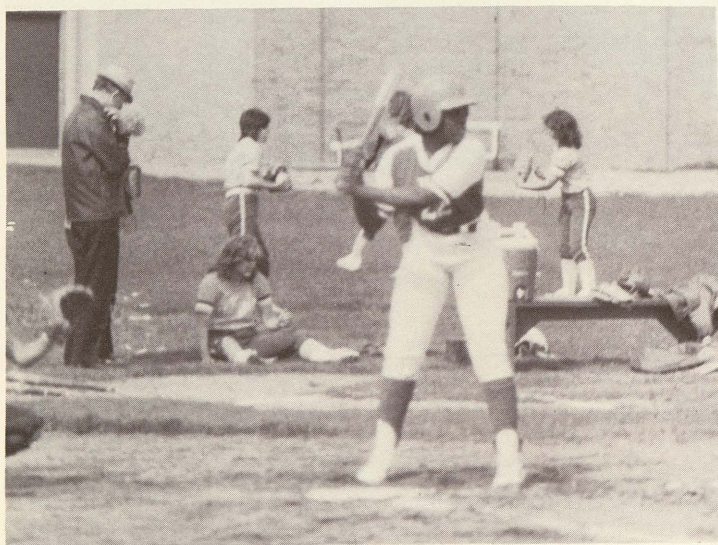

Holly Doak enjoys her lunch.

BUSINESS AS USUAL

The 1982-83 school year was full of new beginnings. The biggest one effecting our school was the first year of the Saginaw East Catholic School System, combining St. Casimir, Our Lady Help of Christians and St. Mary.

1982-83 was also a very big year in sports. The beginning of the United States Football League and two-time Heisman Trophy winner Herschel Walker signed a large contract with the New Jersey Generals. The University of Michigan made another trip to the Rose Bowl, North Carolina State won the NCAA Basketball Championship, the Washington Redskins won the Super Bowl, the St. Louis Cardinals won the World Series and again the Los Angeles Lakers and the Philidelphia 76ers met in the NBA finals. It was the year of Phi Slama Jama, Billy Martin's return to New York and the retirement of Bjorn Borg.

In music, there was the breakthrough of MTV, Music Television. Videos became a major influence on our music. In 1983, the big names in music were Men At Work, Musical Youth, Lionel Richie, Michael Jackson, Hall and Oates, John Cougar and the Culture Club. In 1983, Thomas Dolby was blinded by science while Michael Jackson "beat it".

For entertainment on the Silver screen, people went to see hits like Ghandi, E.T., Tootsie, The Verdict and The Return of the Jedi.

At home, people were entertained by shows like "Cheers", "Hill Street Blues" and "The A-Team" while Joe Piscipo and Eddie Murphy kept their Saturday Nights alive.

All in all, 1982-83 was a very productive year for many.

Saginaw East Catholic A Great Success

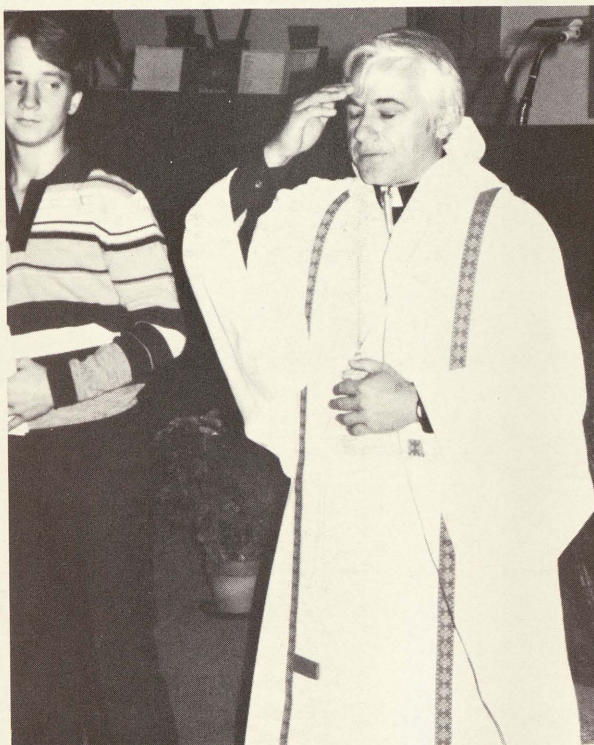

The new School System was a big success for everyone involved. It was a consolidation of three schools, St. Mary's, St. Casimir's and Our Lady Help of Christians. With the new System came many new changes and adjustments. The head administrator of the System is Mrs. Barbara Geary. She was formally the principal for grades one through eight at St. Mary's. She has done an excellent job and felt very positive about the whole thing.

When the three schools were joined as one, it caused many difficulties for the people who lived near one campus and had to go to another. As a solution, there was a charter bus service free of charge from one campus to another. Also for a fee, there was a bus that would pick you up at your house.

Grades K through third were placed at St. Casimir. Fourth through sixth at Our Lady Help of Christians. These two campuses were headed by the principal, Sister Marie.

Grade seven through twelve were located at St. Mary. The principal there was Mr. Jack Sochowicz. Also located at St. Mary's was a Day Care Center. It was directed by Sister Lucy. It was located in the old Acquin Hall.

The new System was a great success. With the great efforts of the administrators and everyone involved, it was a positive and successful consolidation.

IT'S ALL OVER

TIME WON'T GIVE ME TIME

Dear Students, Faculty and others:

Being editor for our yearbook has been more than a great experience. Many members of our staff have worked long, hard hours to make our book the best we possibly can. We sincerely hope you are satisfied.

Making a yearbook is a long constant struggle with money and time. It takes total dedication and time that is not always there. We have dedicated our time to make your book.

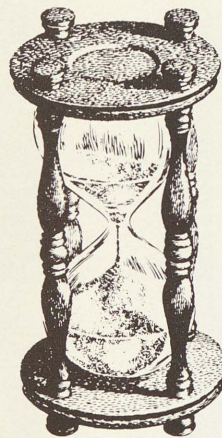

Special thanks to Mr. E. Gerry Witchger for pictures when we needed them and there was no time.

Thanks to Joe "Sly" and Steve "Ozzy" Sheltraw for the help when we most needed it.

Also a special thanks to the teachers, administration, coaches and students for all your co-operation.

Sincerely,

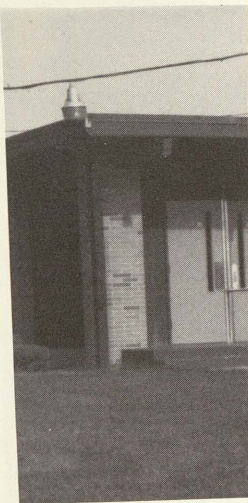

Beth Gallery
Editor-in-chief

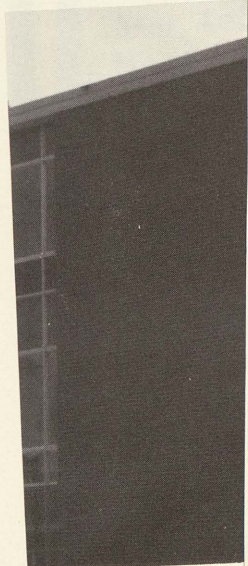

The Labarum, Vol. 67, of Saginaw East Catholic, St. Mary Campus was published by Inter-Collegiate Press, Shawnee Mission, Kansas. The standard cover is in black and silver silk screen; the book is on enamel grade paper.

Paste up was done by the advisor and staff members for a print run of 120 copies. All photography was done by advisor, Mr. Tom Cole and staff members, Mike Lentner, Beth Gallery, George Pierce, Todd Stitt, Sandra Orum and Tracey White with help from Mr. E. Gerry Witchger.

Headlines are in Avant Garde style Geotype. Layouts are in news magazine style with one pica internal margins. All typing by Mrs. Pat Gallery
